## Introduction

This chapter provides an overview of Loan Closing Advisor®, what you need to know before you begin using Loan Closing Advisor how to navigate within the tool and how to get help. The following topics will be addressed:

- What is Loan Closing Advisor?
- Before You Begin
- Accessing Loan Closing Advisor
- Navigation
- How to Get Help

### What is Loan Closing Advisor?

Loan Closing Advisor is a web-based tool within Freddie Mac Loan Advisor® that collects Uniform Closing Dataset (UCD) data. Loan Closing Advisor then compares the data against the Uniform Closing Dataset Technical Specification (UCD Specification), testing for the completeness, validity, reasonableness, calculation accuracy, and consistency of the data. Data reasonableness checks are included and are intended simply to capture the tool's assessment of whether a particular data point is not realistic given the context of the delivered data uploaded to Loan Closing Advisor. For example, a loan amount of \$1 would be categorized as not being reasonable and would trigger a review flag for the user. Any message stating that certain data "is required" means the data is required by the UCD Specification.

Messages returned by Loan Closing Advisor attempt to convey specific errors or discrepancies relating to a dataset's alignment with the UCD specification, or to certain Freddie Mac eligibility requirements. The tool's messages do not constitute legal or regulatory advice and should not be construed or relied upon as such.

### Loan Closing Advisor Process Flow

When using Loan Closing Advisor, you can follow this process flow:

1. Create the XML file using the specifications for [UCD](#).
2. Upload the file to Loan Closing Advisor.
3. Assess single or multiple loan files.
4. Search for loan assessment results.
5. Review results on the Loan Assessment Summary page.
6. Correct critical and informational data quality errors.
7. Resubmit corrected file for assessment.
8. Repeat steps 2-7 until all identified critical errors are corrected.

## Before You Begin

Before you begin using Loan Closing Advisor, ensure you are assigned the appropriate user role and meet the minimum browser requirements.

### User Roles

To use Loan Closing Advisor, you must be assigned a user role. External users (users other than Freddie Mac employees or consultants) must be assigned the user role of *External Loan Closing Analyst*. This user role enables a user to upload and submit files for assessment, search for results and view and export results.

### Browser Recommendations

For best viewing, use Chrome, Edge, Safari, or Firefox.

### Hours of Operation

Standard business hours are Monday through Friday. We are closed on Martin Luther King, Jr. Day, Presidents Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Christmas Day and New Year's Day. For a complete list of holiday hours, please see our Freddie Mac Holiday Schedule on the [Standard Hours of Operation page](#).

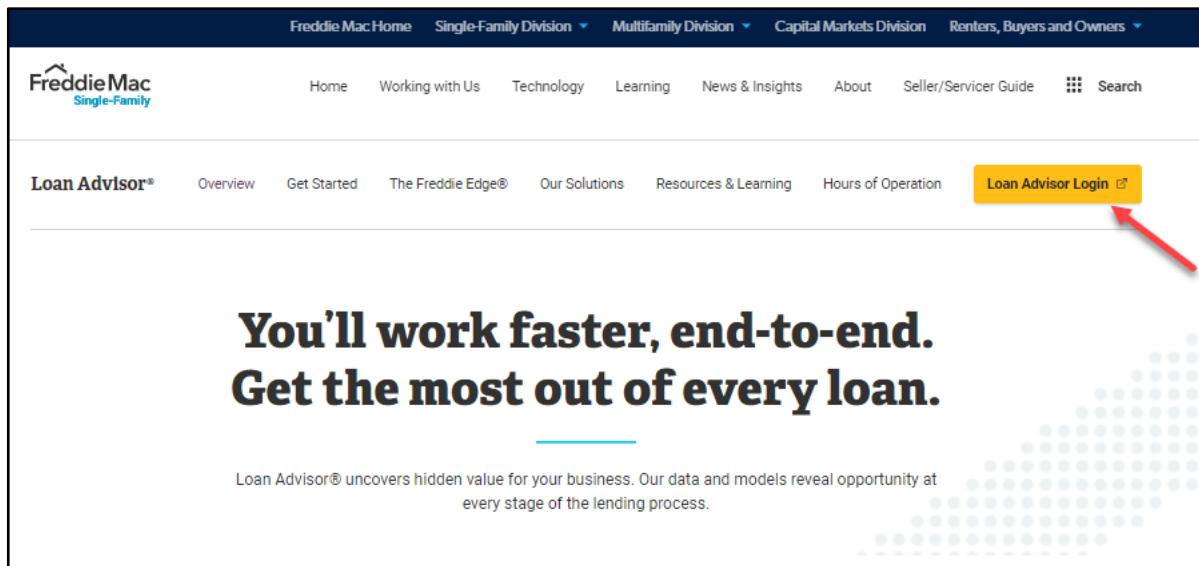

- **Customer Support Hours:** For customer support hours, please see our [Standard Hours of Operation page](#).
- **Tool Availability:** See our [Standard Hours of Operation page](#) for details per tool.

### Accessing Loan Closing Advisor

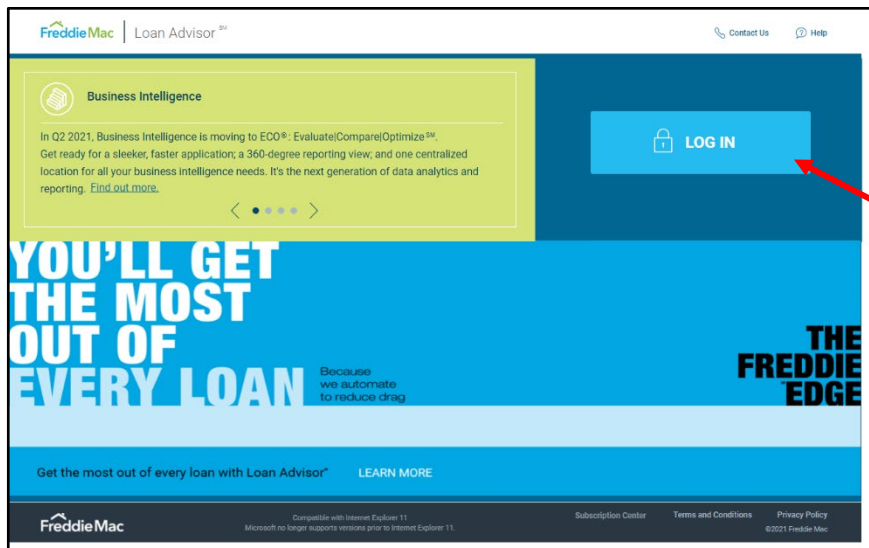

To sign up for access to Loan Closing Advisor enter the following URL: <https://sf.freddiemac.com/tools-learning/loan-advisor/our-solutions/loan-closing-advisor>. Click the **Get Access** button to bring you to the Access Manager page. Click the **Get Started** tab to complete the appropriate online form to get your Username and Password.

Once you receive your Username and Password follow the steps below to access Loan Closing Advisor through Freddie Mac Loan Advisor®.

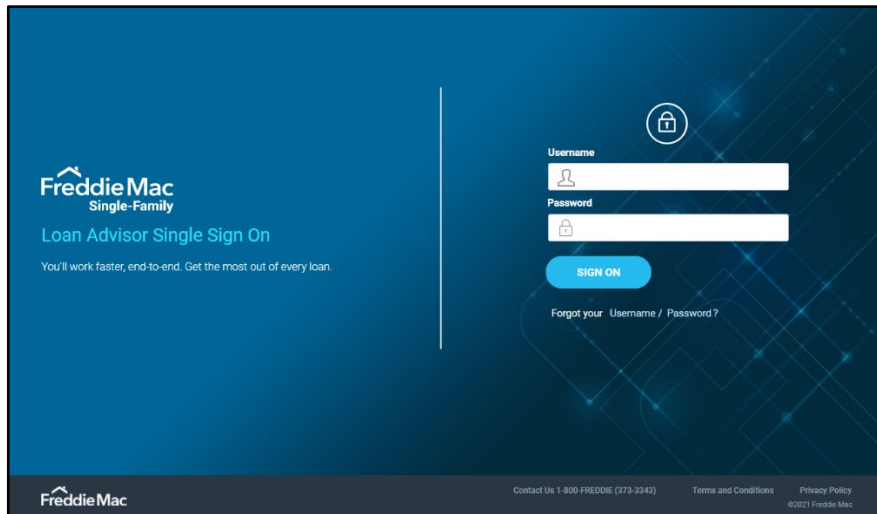

1. Enter the following URL into your browser: <https://las.freddiemac.com>, or access Loan Advisor from the Loan Advisor webpage on FreddieMac.com: <https://sf.freddiemac.com/tools-learning/loan-advisor/overview>, and click **Loan Advisor Login**.

2. The Loan Advisor Login page displays. Click **LOG IN**.

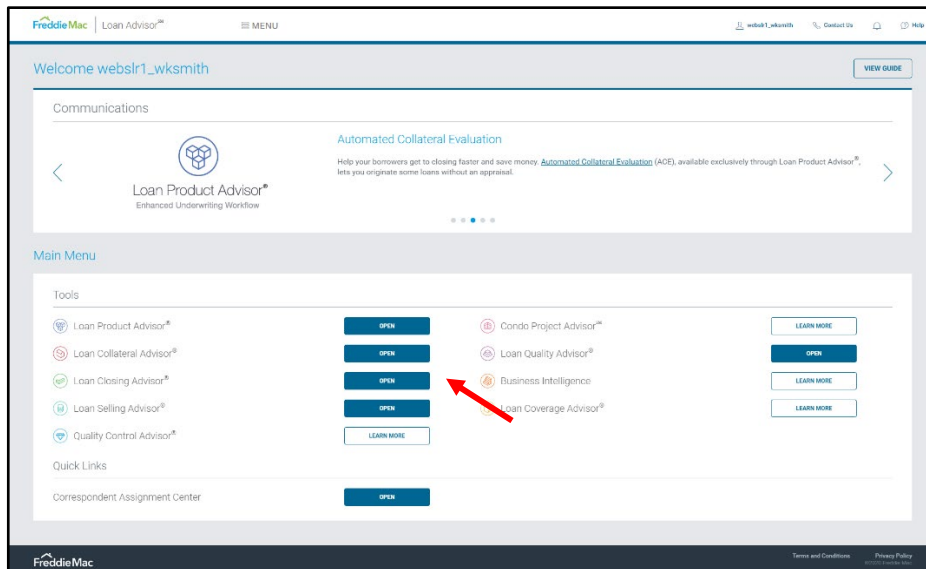

3. The Loan Advisor Single Sign-On page displays. **Enter your Loan Advisor Username and Password** and click **SIGN ON**.

**Note:** If you forget your username or password, follow the prompts from the **Forgot your Username/Password?** links below the **SIGN ON** button.

4. The Loan Advisor **Welcome** page displays. Click **OPEN** next to Loan Closing Advisor.

5. The Loan Closing Advisor **Welcome** page displays with the **Seller Number** (six-digits) or **Correspondent ID** number (seven-digits) that you used to log in appearing in the upper right corner of the page.

6. Confirm that the Seller Number is the one you want to access. If your organization is set up with more than one Seller Number, you can change it by clicking on the drop-down menu and selecting a different one.

This feature enables you to change to a different Seller Number without logging out of the tool; however, you will only have this feature if you have access to multiple Seller Numbers.

### Customer Test Environment (CTE)

To become familiar with functionality lenders, correspondents and vendors can obtain access to a customer test environment (CTE). Approved correspondents are allowed access to all functionalities in Loan Closing Advisor [i.e. assess file, view results, and export loans]. The CTE is not for use with live data; however, you can submit test files to learn how easy it is to obtain and review assessment results including feedback messages. To obtain access to the CTE environment, contact your Freddie Mac representative or the Customer Support Contact Center at (800-FREDDIE). Once you have received your log-in credentials, enter the following URL into your browser: <https://las-cte.fmrei.com/>

### Navigation

Navigation is easy in Loan Closing Advisor. Use the top navigation bar to select the functions you want to access. A sample is displayed below.

## Navigation Options and Descriptions

Refer to the following table for information on the navigation options and their descriptions.

Menu Option	Description
Loan Closing Advisor®	Return to the Loan Closing Advisor Welcome page.
Assess File	Enables you to assess a file containing single or multiple loans. Refer to Chapter 2, Assess File, for more information.
View Results	Enables you to search for files that have been successfully assessed using various options. You can also see the status of your batch uploads [Completed, Rejected and In-Process (Processing)] on this page. Refer to Chapter 3, View Results, for more information.
Export History	Allows you to view and access the results of your export request(s). Refer to Chapter 4, Export, for more information.

Use the **Previous Page** arrow located to the left of the page title to return to the previous page. Do Not use the **Back** button in your browser.

The following table explains how to use the **Previous Page** arrow.

If you click the Previous Page arrow on this page:	You will be taken to this page:
Assess File-Single or Multiple Loans	Welcome
Assess File-Upload Status	Assess File-Single or Multiple Loans
View Results	Welcome
Summary of Results	Search for Results
Loan Assessment Summary	Summary of Results

Rejected Batch Summary	Summary of Results page.  NOTE: The tool will default to the Completed Transaction tab. Click the Batches tab to return to the in-process and rejected batches. This tab does not display if search results indicate there are no loans in process or rejected.
------------------------	---

### Tool Time Out

The tool will time out after 30 minutes of inactivity. We recommend that you log out of the tool any time you expect to be away from your desk or computer. If the tool times out because of inactivity, you will be prompted to log in again. You are then brought back to the same page you were on when the session timed out.

### How to Get Help

When using Loan Closing Advisor, you have the following options to obtain help.

#### Online Help

Online Help is page-level, searchable content that includes step-by-step instructions to assist you and provides access to the complete *User Guide*. Online help is available via any page on Loan Closing Advisor simply by clicking the **Help** icon in the upper right portion of the screen. The Help icon looks like this:

#### Live Support

For live support, you can either contact your assigned Freddie Mac representative, or you can call the Customer Support Contact Center (800-FREDDIE). Refer to the [Hours of Operation](#) section in this chapter for more information.

## Introduction

This chapter provides an overview of the Loan Closing Advisor® **Assess File** functionality and how to upload a file for assessment results.

Loan Closing Advisor allows you to upload and assess a batch file. A batch file may contain one or multiple Uniform Closing Dataset (UCD) XML loan data files. You must always select a specific file to upload to initiate an assessment process within Loan Closing Advisor.

The following topics will be addressed:

- File Format Requirements
- Upload and Assess a File
- Upload Status
- Assess File Error Messages

## File Format Requirements

Loan Closing Advisor only accepts file formats that comply with the UCD specification. For more information, see the [Uniform Closing Dataset web page](#).

- Loan Closing Advisor accepts XML and zip file formats. Freddie Mac recommends you use a zip file format to ensure the fastest processing. If your zip file contains PDF files, the maximum amount of loan files that may be included in a single batch upload, at one time, is 10.
- Typically, the size of each loan file is 3.5 MB. Based on this sizing, the maximum number of files that can be submitted is as follows: 10 if a PDF file is embedded in the XML loan file; 2,500 if a PDF file is not embedded.

## Upload and Assess a File

Follow the steps below to upload and assess a file.

1. From the Welcome page, click **Assess File** on the top navigation bar.

2. The **Assess File - Single or Multiple Loans** page displays. Click **Browse**.

The system will retain the entered email address while you remain logged in to your browser. This allows you to receive email notifications when an assessment is complete.

If:	Then:
If you choose to receive an email notification when the assessment is complete:	Ensure the default email address is correct. If the default email address is incorrect, enter the correct email address. The system will retain the entered email address within the same browser session.
If you choose to have the email notification sent to a different email address (e.g., your manager or team member):	Enter the other email address. The system will retain this email address within the same browser session.
If you do not wish to receive the email notification:	Click on the 'X' to the right of the email address to clear the field.
If you close your browser and log in again:	The original default email address will again populate in this field. You can re-enter a different email address as needed.
<i>NOTE: To correct the default email address in the tool (and avoid having to correct it each time you log in) contact your Freddie Mac representative or Customer Support Contact Center (800-FREDDIE).</i>	

- Once you have confirmed the defaulted email address, entered a different email address or deleted the default email address, click **Assess File**.

- When your request is done processing, the Loan Closing Advisor **Upload Status** page displays. Review the information located under the heading **Details**, including **File Name**, **Batch ID** and **Status**.

The following table describes each section under the **Details** portion of the **Upload Status** page.

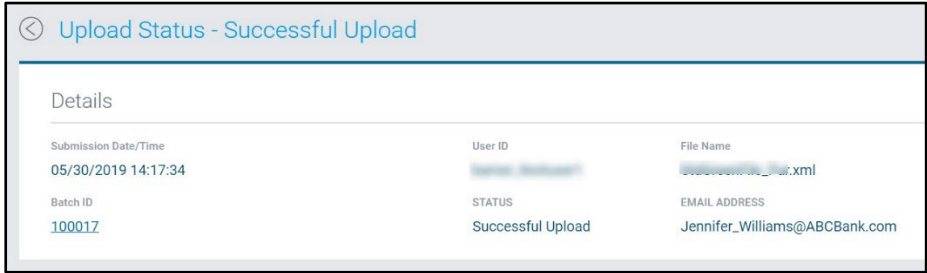

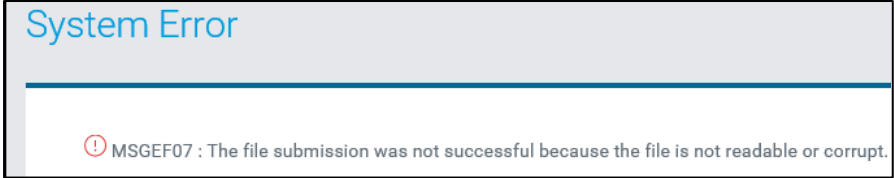

Title	Description
Date/Time of Submission	<p>The month, day, year, and time in hours:minutes:seconds (hh:mm:ss) the file was uploaded to the Loan Closing Advisor tool based on military time (Eastern time zone).</p> <p>Example: 04/04/2018 16:04:35</p>
Batch ID	<p>The unique number Loan Closing Advisor assigns to all batch submissions (successful or unsuccessful). Loan Closing Advisor first displays this number on the Loan Closing Advisor Upload Status page.</p> <ul style="list-style-type: none"><li>• If the file was successfully assessed, the Batch ID shows as a hyperlink. Click on the hyperlink to be taken to the Summary of Results page.</li><li>• If the Batch ID does not appear as a hyperlink, the assessment status was Unsuccessful or contained MISMO Schema Errors at the batch level and was rejected. Refer to the Upload Status section below for more information</li></ul>
User ID	<p>The User ID for the user that is logged into Loan Closing Advisor when the file was uploaded and assessed.</p>
Status	<p>The status of the uploaded file indicating whether it was successful, unsuccessful or has MISMO Schema Errors at the batch level.</p>
File Name	<p>Name of the batch file uploaded to Loan Closing Advisor</p>
Email Address	<ul style="list-style-type: none"><li>• If the email address was entered on the Assess File - Single or Multiple Loans page, then the default email address is displayed.</li><li>• If the email address was manually entered, that email address is displayed.</li></ul>

## Upload Status

The Loan Closing Advisor **Upload Status** page displays all the information described in the table above, with the most important item being the status of your submission, which includes errors that may have been found. If MISMO schema errors are triggered at the batch level, error messages are displayed with specific line (row) and column numbers to indicate exactly where in the XML file the error occurred.

Upload Status messages and applicable descriptions are displayed in the following table. This table also includes descriptions for MISMO schema errors.

Consolidate the loan file into a single file and resubmit. See File Format Requirements in this chapter for more information.
	The file submission was not successful because it exceeds maximum size limit of 30 MB.	The file submission exceeds the maximum size limit of 30 MB. Reduce your file size to less than 30 MB to submit it for assessment.
	The ZIP file is corrupt.	The ZIP file submitted is corrupt. Discard and create a new file.
	The file submission was not successful because the file is not readable or corrupt.	The file should be reformatted for submission.
	The file submission was not successful because the XML file did not contain loan data.	The user should correct the source file and resubmit the file for assessment.
	LCLA is not available now. Please contact Customer Support Contact Center (800-FREDDIE) Freddie for additional information or resubmit later.	The user should contact Customer Support Contact Center (800-FREDDIE) for additional information or resubmit later.
	The file submission was not successful because the ZIP file does not contain an XML file.	The user should correct the ZIP file and resubmit.

## Introduction

After you have successfully submitted your single or multiple loan file for assessment, you may use the **View Results** function to find and review your loan-level results. To access this function, click **View Results** from the top navigation bar. You may search for results using the following options:

- Batch ID
- Submission Date
- File Name
- Lender Loan Identifier
- Primary Borrower/ Legal Entity
- Closing Date

Once you have entered your search criteria and clicked on the **Search** button, the **Summary of Results** page will display. This page will:

- Show the results of your search and provide a loan level summary view of your batch submission.
- Display the Overall UCD Requirement and Submission statuses.
- Provide the ability to access the Loan Assessment Summary page for each loan transaction, including actionable feedback messages and a Loan History page.
- Provide the ability to access the Loan Assessment Summary page for each loan transaction with MISMO Schema Errors through the MISMO Schema Error status icon.
- Allow you to request and export loan assessment information.

The following main topics will be addressed in this chapter:

1. [How to View Results](#)
2. [Summary of Results](#)
3. [Export Selected Loan Assessment Results](#)
4. [Loan Assessment Summary](#)

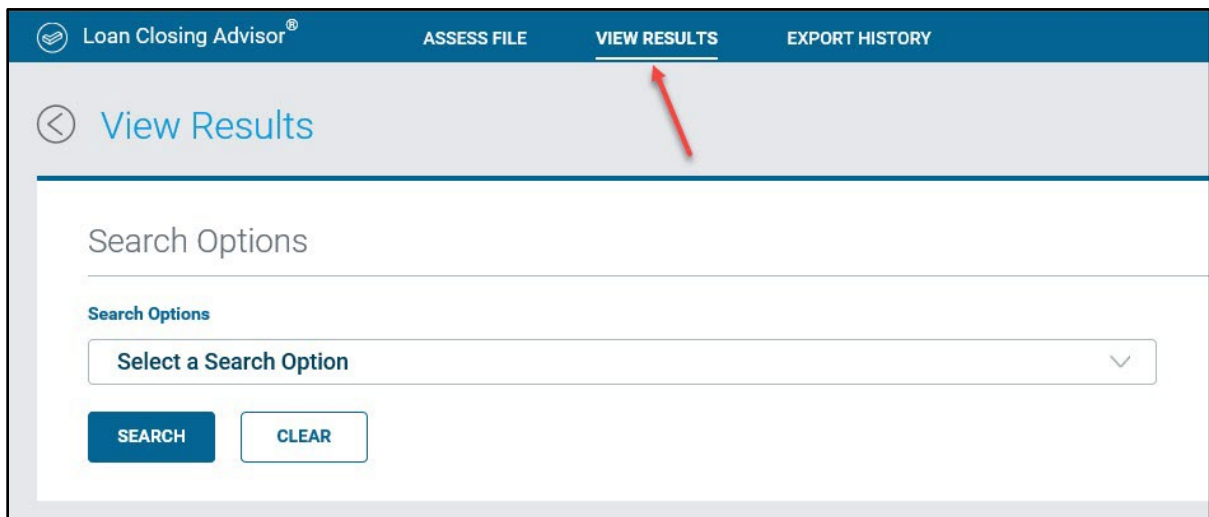

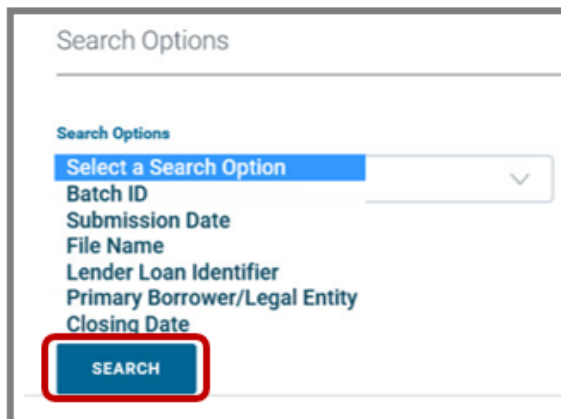

## How to View Results

Follow the steps below to search for your assessment results.

1. From the Welcome page, click **View Results** on the top navigation bar. The View Results page displays.

2. From the drop-down menu, select your **Search Option** and enter applicable **Search Criteria**. You may only search using one option at a time, and the available options are **Batch ID**, **Submission Date**, **File Name**, **Lender Loan Identifier**, **Primary Borrower/Legal Entity** and **Closing Date**.

The **Summary of Results** page displays. The submitted search criteria and User ID displays at the top of the page under the Details section.

## Search Options Data Field Definitions

The following table outlines the data field definitions for the View Results page. Depending on the search option chosen, the View Results page will redisplay, and the corresponding search parameters will appear. Refer to the Search Options-Parameters table in this chapter for more information.

Search Options - Data Field Definitions		
Data Field Name	Description	Valid Values
Batch ID	The unique number Loan Closing Advisor assigns to all batch submissions (successful or unsuccessful). Loan Closing Advisor first displays this number on the Loan Closing Advisor Upload Status page.	Numerical
Submission Date	The month, day, year, and time in hours:minutes:seconds (hh:mm:ss) the file was uploaded to the Loan Closing Advisor tool based on military time (Eastern time zone).  Example: 04/04/2020 16:04:35	Military/eastern time
Start Date	The beginning date that you want to search for files uploaded, and/or assessed in Loan Closing Advisor.	Use the calendar icons to select dates.
End Date	Select the end date using calendar icon. The time period must be within 62 days of the Start Date. If you select a date range that exceeds 62 days, an error message displays.  Re-enter the date range not to exceed 62 days. Note that the date is based on Eastern time zone, so you may need to adjust

## View Results Error Messages

If there is an error with the data entered on the View Results page, a message displays. If you receive an error message, change your search criteria, and submit your request again. See [Summary of Results Data Field Definitions](#) for more information.

Following is an example of an error message.

The screenshot shows the 'View Results' page with a search form. The 'Submission Date' dropdown menu is open, and a red error message is displayed below it: 'The selected date range should not exceed 62 days.' The 'Start Date' is set to 07/01/2018 and the 'End Date' is set to 09/06/2018. Below the date fields, a note reads '(Submission Date Range Cannot Exceed 62 Calendar Days)'. At the bottom of the form are 'SEARCH' and 'CLEAR' buttons.

The following is a list of error messages that may appear on the View Results page with an explanation and, if applicable, a recommended action.

## Summary of Results

Upon the completion of a successful search, the Summary of Results page provides a detailed view of your search results for loans you have submitted to Loan Closing Advisor based on your submitted search criteria. This section will discuss the following main topics:

- Information on Summary of Results Page
- How to Filter Results on the Summary of Results page
- Summary of Results Data Field Definitions
- Summary of Results Error Messages

Following is an example of the Summary of Results page.

## Error Messages

If your Search Results exceed 5,000 loans, an error message displays on the Summary of Results page asking you to refine your search criteria. While your results may exceed 5,000 loans, only the first 5,000 results will display.

The screenshot shows the 'Summary of Results' page in the Loan Closing Advisor system. At the top, there are navigation tabs: 'EVALUATE FILE', 'VIEW RESULTS', and 'EXPORT HISTORY'. The page title is 'Summary of Results'. Below the title, there is a 'Details' section with search criteria: 'Submitted Search Criteria: Submission Date 03/19/2018 to 05/18/2018' and 'User ID: [redacted]\_fname1'. Below this, there are two dropdown menus: 'Completed Transactions' set to '5000' and 'Batches' set to '28'. A red error message box is displayed: 'You have exceeded the Loan Results Display limit of 5000 Loans. Please refine your search criteria.' Below the error message is a table with columns: 'BATCH ID', 'TRANSACTION ID', 'LENDER LOAN IDENTIFIER', 'PRIMARY BORROWER/LEGAL ENTITY', 'SUBMISSION DATE/TIME', 'CLOSING DATE', 'SUBMISSION STATUS', 'GENERAL INFO', 'DATA QUALITY', and 'ELIGIBILITY'. The table contains four rows of data. The first row shows a 'Satisfied' status, while the last row shows 'Not Satisfied'.

## Page Navigation

Use the features at the bottom of the **Completed Transaction** and **In-Process/Rejected Batches** tabs to display the number of results you want to view at a time and to navigate through your results.

The screenshot shows a 'Summary of Results' page with a table of transactions. The table has columns for Batch ID, Transaction ID, Lender/Loan Identifier, Primary Borrower/Legal Entity, Submission Date/Time, Closing Date, Submission Status, General Info, Data Quality, and Eligibility. Below the table, there are three red boxes highlighting navigation controls: '1 - 15 of 93 items', a dropdown menu with '15 | 25 | 50', and a page navigation bar with arrows and page numbers 1-5.

The default view displays 15 items per page, listed by Transaction ID. Click on 15, 25, or 50 to display the number of items per page. Click the forward and backward arrows to either jump ahead or back by a single page or jump to the beginning and end of your results.

## Batches Tab

The Batches tab details the batch submissions by ID number and their associated status icon (Rejected or Processing), number of loans, and submission date and time (eastern). At the top of the Summary of Results page you will see your submitted search criteria under the Details Section. The default view is the Completed Transactions tab; however, the Batches tab will appear by default if the search criteria do not result in any completed transactions. If the search criteria do not result in any in-process or rejected batches the tab will not display.

To get to the **In-Process/Rejected** batches, click the Batches tab to the right of the Completed Transactions tab. The Batches tab will also show a total result for that tab to the right of the title. Refer to the example below and the following table for a description of the features and functions of the Batches tab.

**File Import Error**

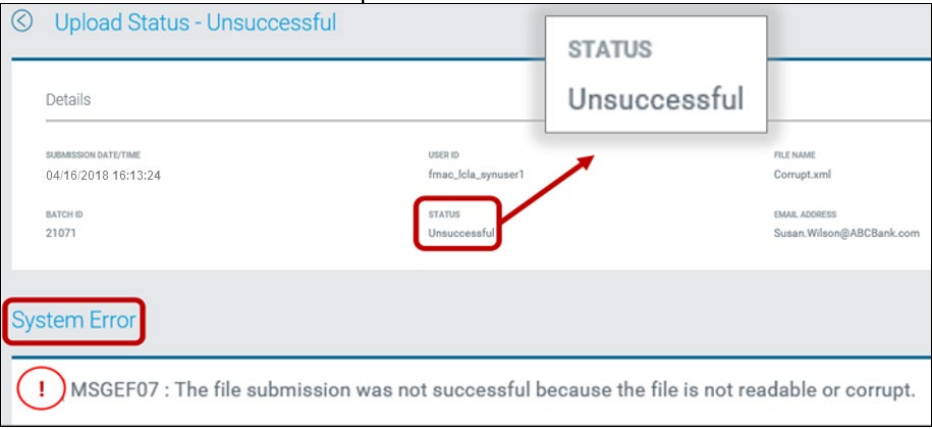

The file submission was not successful because the file is not readable or corrupt. The file should be reformatted for submission.

2. Review the rejected batch error messages and make your updates/corrections to the file outside of Loan Closing Advisor.
3. Once you have made the updates/corrections, click the **Previous Page** arrow  to return to the Assess Single or Multiple Loans page.
4. Resubmit for Assessment.

## Rejected Batch Summary Error Messages

The following table contains Rejected Batch Summary error messages you may receive when you assess a file. This is the same status you would see on the *Upload Status* page as stated in the *Assess File* chapter of this User Guide.

Rejected Batch Summary Error Messages	
Status	Description
Unsuccessful	<p>Either you are encountering system issues or there may be an issue with your file format. You should verify the file format is correct and try your submission again. If you continue to receive an Unsuccessful submission, please contact Customer Support Contact Center (800-FREDDIE). Following is an example of unsuccessful status due to a system error because the file is not readable or corrupt.</p>  <p><b>System Error</b></p> <p>! ## Viewing and Sorting Information in the Completed Transactions

You can sort the information in the Completed Transaction section to retrieve the specific loan-level information you are seeking.

### Sort Data in a Column

To sort data within a column, click the column heading. An arrow will appear to indicate that the column of data has been ordered in ascending or descending order. The default sort is by Transaction ID in descending order.

### Descending Order

To sort the General Information, Data Quality or Eligibility columns, click the column heading. To achieve the desired sort by status, refer to the following:

## Desired Sort by Status

### Ascending Order

Click the column heading to display the 'up' arrow. Status results are sorted in the following order: blank, Green, Yellow, Red, then System Error (if applicable). A Data Quality and Eligibility status that is blank indicates that the file could not be assessed for data quality or eligibility errors, due to the presence of a General Information critical (Red X) error status. Refer to the [Summary of Results Data Field Definitions](#) section in this chapter for more information.

Completed Transactions Tab	
<p>Selecting Transactions</p>	<p>The system defaults to 15 results per page. If there are more than 15 results, display the largest applicable quantity and then click the check box for Select All. For example, if there are 49 results click 50 to display all 49 results.</p> <p>To select individual transactions, click the box next to the transactions you want to export. To Select All transactions on the page, click the check box in the blue shaded header to the left of the Batch ID column.</p> <p>Following is an example of selecting individual transactions.</p>

The screenshot shows the 'Loan Closing Advisor' interface. At the top, there are tabs for 'ASSESS FILE', 'VIEW RESULTS', and 'EXPORT HISTORY'. Below the tabs, it says '1 Selected' and 'Clear Selections'. The 'Details' section shows 'SUBMITTED SEARCH CRITERIA' with 'Submission Date' and 'SEARCH DETAILS' with '04/02/2018 to 04/04/2018'. Below this, it shows 'Completed Transactions 164' and 'Batches 27'. A 'FILTER BY' dropdown is set to '4 record(s) found'. The filter criteria is 'PRIMARY BORROWER LAST NAME/LEGAL ENTITY: Jones'. A table lists 4 transactions with columns: BATCH ID, TRANSACTION ID, LENDER LOAN IDENTIFIER, PRIMARY BORROWER/LEGAL ENTITY, SUBMISSION DATE/TIME, CLOSING DATE, and SUBMISSION STATUS. A red arrow points to the first row's checkbox, which is checked.

Following is an example of selecting all transactions on page.

The screenshot shows the same 'Loan Closing Advisor' interface. At the top, it says '4 Selected' and 'Clear Selections'. The 'Details' section and search criteria are the same. Below, it shows 'Completed Transactions 164' and 'Batches 27'. The 'FILTER BY' dropdown is still set to '4 record(s) found'. The filter criteria is 'PRIMARY BORROWER LAST NAME/LEGAL ENTITY: Jones'. The table lists the same 4 transactions, but now all checkboxes in the first column are checked. A red arrow points to the first row's checkbox.

## Filtering Results in the Completed Transactions Tab

You can filter your results from the Completed Transactions tab of the Summary of Results page. If you would like the filters you define to apply to all results, make sure you have selected all results for each page of records to display. As a reminder, the system defaults to 15 records per page. Follow the steps below to filter your results:

1. On the Completed Transactions tab, click the arrow to the left of the **Filter By** button as shown below.

The Filter options will display at the top of the Completed Transactions tab with the results listed below.

2. Refer to the following table to **select one or more filters** to narrow your results.

Filter	Description
Lender Loan Identifier	The unique identifier assigned to the loan file by the lender.
Submission Date	Use the calendar icon to select a single submission date. Click the X to delete the date as needed.
Closing Disclosure Type	Select Model, Alternate, or Split Disclosure. <i>Note:</i> While the Closing Disclosure Type is a valid filter, it is not displayed in the Completed Transactions table.
Submission Status	Select the UCD Requirement status of Satisfied, Satisfied (Without a Closing Disclosure PDF), or Not Satisfied. <b>Note:</b> Submission Status here refers to 'This Submission UCD Requirement Status.
Primary Borrower Last Name/Legal Entity	Enter the Primary Borrower Last Name or name of the Legal Entity.
Closing Date	Use the calendar icon to select a single submission date. Click the X to delete the date as needed.
General Info (Information)	Click one or more check boxes (Red X, Yellow, or Green check).
Data Quality	Click one or more check boxes (Red X, Yellow, or Green check).
Eligibility	Click one or more check boxes (Red X, Yellow or Green check).

The tool will search using all the filter categories selected. In other words, the more filters selected, the narrower the results. For example, if you select a Submission Date and General Information Red X, you will only see loans with the specific Submission Date selected that also has a General Information Assessments Result of a Red X.

In the following example, we selected to filter the results to only show the Primary Borrower Last Name/Legal Entity as "Jones".

### Tips When Selecting/Deselecting Filters

To...	Select or Change the Following...
Remove a specific filter you have chosen	Click the X in any fields where you entered filters to remove a specific filter.
Delete a chosen date	Click in the field and an X will appear. Click the X to delete the date or click the calendar icon to select a different date.
Delete a chosen Disclosure Type	Click in the Closing Disclosure Type field and click Select to remove the filter previously chosen.

- When finished making your selections, click **Apply Filter** to apply your selections.

The Completed Transactions tab will redisplay with the chosen filters that were applied listed below **Filter By**. The results are displayed below the list of applied filters. In this example, we chose to filter by **Primary Borrower Last Name / Legal Entity**. The results show **'12 record(s) found'** (met the filter criteria) of the 83 completed transactions.

6. Refer to the table below to access additional functionality.

Click...	To...
Filter By	Apply selected filters to the Completed Transaction(s) tab results.
Clear All	Remove the defined filter(s). The Summary of Results page displays the results with no filters applied.

## View Loan Assessment Results

2. Click the **Export** arrow to export the selected transactions. A pop-up screen displays to create the Export **File Name**.

The screenshot shows a pop-up window with a light blue header. In the top right corner, there is a blue square button with a white right-pointing arrow, highlighted by a red box. Below the header, there is a 'File Name' label above an empty text input field, with a red arrow pointing to it. Underneath is the 'Export File Format' section with four radio button options: CSV, XLS, XLSX (which is selected), and XML. At the bottom is a blue button labeled 'CREATE EXPORT FILE'.

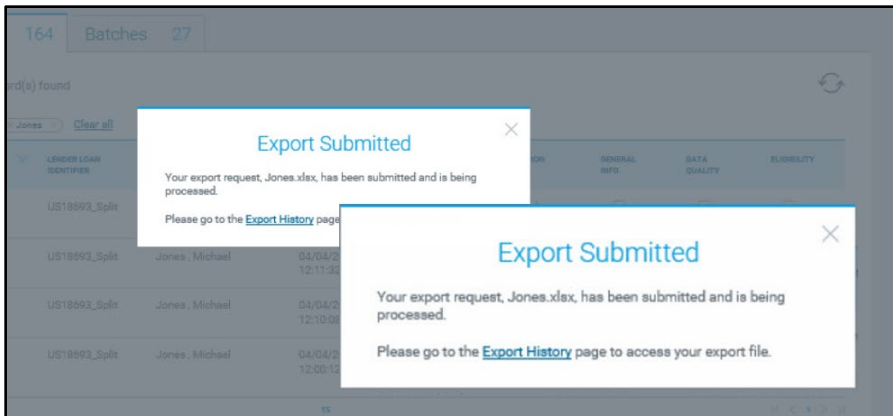

3. Type your export file name in the **File Name** field. The file name cannot include any special characters.

This screenshot is similar to the previous one, but the 'File Name' input field now contains the text 'Jones'. A red arrow points to this field. The 'Export File Format' section remains the same, with XLSX selected. The 'CREATE EXPORT FILE' button is still at the bottom.

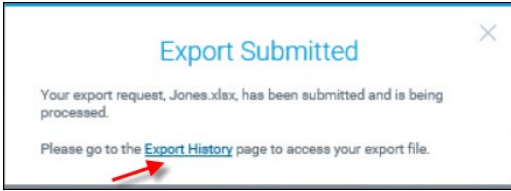

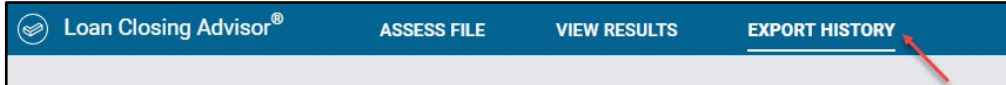

4. Select your **Export File Format** from the list of export options. Your options are: .CSV, .XLS (Excel 2007 or older), .XLSX (Excel newer than 2007), and .XML. The default will be .XLSX.

This screenshot shows the 'File Name' field with 'Jones'. A red arrow points to the 'Export File Format' section, which has XLSX selected. Another red arrow points to the 'CREATE EXPORT FILE' button at the bottom.

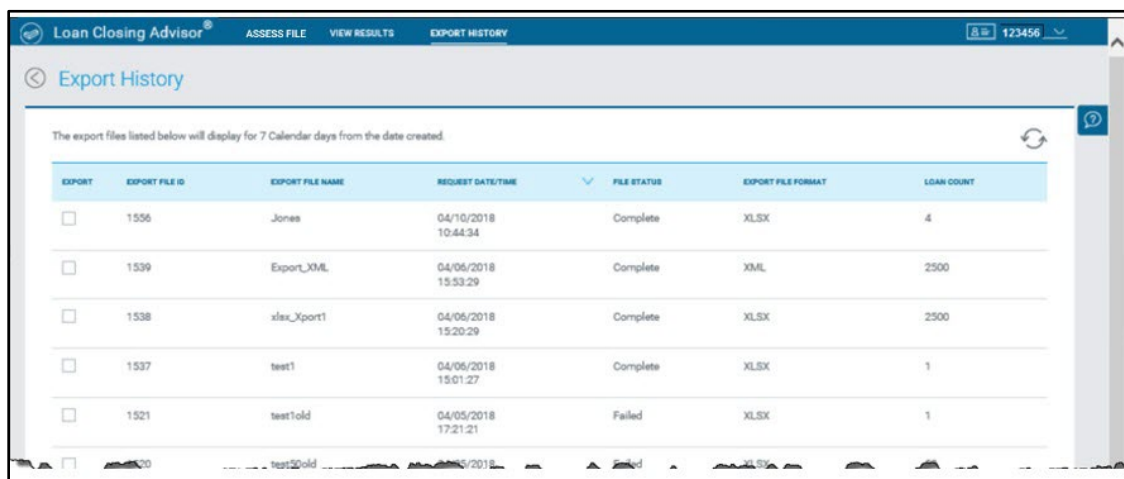

Click **Create Export File**. The Summary of Results page will gray out and a message will display indicating your export request has been submitted and is being processed.

- Once your request has been submitted and is being processed, you will have two options to access your export file:

<p>Click the <b>Export History</b> link in the pop-up message</p>	
<p>Click the <b>Export History</b> link on the top navigation bar</p>	

- The Export History page displays.

To...	Click...
Update the status of your export file	Click the <b>Refresh</b> button.
View your export results	Click <b>Export History</b> on the top navigation bar or click the <b>Export History</b> link in the confirmation message. For more information, see <i>Chapter 4, Export</i> .
Return to the last page you were viewing	Click the <b>&lt; Previous Page</b> arrow to the left of the title of page.

## Loan Assessment Summary

The Loan Assessment Summary page provides loan-level details, including business and technical messages for each loan in your batch submission. These messages are designed to assist you in delivering a complete UCD XML file with minimal data errors.

The following main topics will be addressed in this section:

- Loan Assessment Summary Section
- How to View Data on the Loan Assessment Summary Page (including business and technical messages)
- General Information, Data Quality and Eligibility Detailed Assessment Results
- How to obtain a download of the XML file that was uploaded and assessed (with or without an embedded copy of the Closing Disclosure Form)
- How to obtain a download of the submitted Closing Disclosure PDF
- How to obtain a printed summary and detailed Feedback Certificate of assessment results

### Loan Assessment Summary Sections

The Loan Assessment Summary page provides information about an individual loan that Loan Closing Advisor has assessed. The page is divided into sections and tabs. Navigation links allow you to quickly get to a specific section or tab:

### Loan Assessment Summary Field Descriptions By Section

Section	Field	Description	Comments/ Valid Values
Closing Information	Date Issued	The value indicates when the Closing Disclosure was provided to the borrower.	
	Closing Date	The consummation date for the mortgage loan transaction, generally the date on which the borrower becomes contractually obligated.	
	Disbursement Date	The date the amounts due are expected to be paid to the borrower(s) and/or property seller(s).	
	Settlement Agent	The name of the entity that employs the settlement agent conducting the closing.	
	File #	The number assigned to the transaction by the closing agent for identification purposes.	
	Property	The street address or legal description of the subject property and information about additional personal property that may be given as collateral to secure the loan.	
	Sale Price Appraised Prop. Value	The disclosed Sale Price as recorded on the sales contract. The disclosed appraised or estimated property value provided on the Closing Disclosure.	
Transaction Information	Borrower	The borrower name is displayed in the Transaction Information section. Name and mailing address information for each of up to ten borrowers can be delivered in the XML file. The borrower may be an individual, trust, or company.	Individual, Trust or Company

## How to Download the Submitted XML File, MISMO Schema Error with Corresponding Line Number and Closing Disclosure(s)

1. Click the download icon.  Options include:
  - Submitted XML File
    - Tips: For loans with MISMO Schema Errors, the line number in the error message will not be the same as the submitted XML file when more than one loan is on the submitted XML file. In order to view the line numbers, you must use an XML editor tool. In addition, please note while the download option does indicate Submitted XML Loan File, it is the downloadable XML file with the MISMO Schema Error and not the Submitted XML file.
  - Closing Disclosure PDF (available for a Refinance or Purchase transaction)
  - Borrower Closing Disclosure PDF (available for Purchase transactions closed as a Split Disclosure type only)
  - Seller Disclosure PDF (available for Purchase transactions closed as a Split Disclosure type only)
  - Submitted XML File with the embedded Closing Disclosure PDF

- Download options: In addition to the XML file that was submitted, download options depend on the Closing Disclosure Type (available for download if the PDF was embedded in the XML file).

- Split Disclosure

## How to View and Print the Feedback Certificate and UCD Requirement Statuses

The Feedback Certificate provides the Overall UCD Requirement status, This Submission's UCD Requirement Status, as well as a summary and detailed view of the Loan Assessment Results. However, if the General Information Category shows a Red X (critical errors indicated) no Feedback Certificate is available and no print icon will be displayed.

1. On the Loan Assessment Summary page, Click the Printer icon.

2. The following pop-up box displays. The Feedback Certificate box is already selected and cannot be deselected.  
The default is to also include the Feedback Messages with the Feedback Certificate. To Preview or Print only the Feedback Certificate summary, click the check box to deselect this option.

3. Click **Print Preview** to view the Feedback Certificate. Click **Print** to print the Feedback Certificate.

Following is an example of a Feedback Certificate summary with the Overall UCD Requirement status and This Submission's UCD Requirement Status indicated as Satisfied in green.

## Message Codes: Messages and Calculations/Formulas not Regulatory Advice

Message codes help to identify the type of warning or error message returned. Messages (including any displayed or embedded calculations and/or formulas and associated results) do not constitute legal or regulatory advice, but rather seek to convey specific errors or discrepancies relating to a dataset's alignment with the UCD specification, or to certain Freddie Mac eligibility requirements. Neither the tool's messages nor any of its embedded calculations/formulas constitute legal or regulatory advice, and should not be construed or relied upon as such.

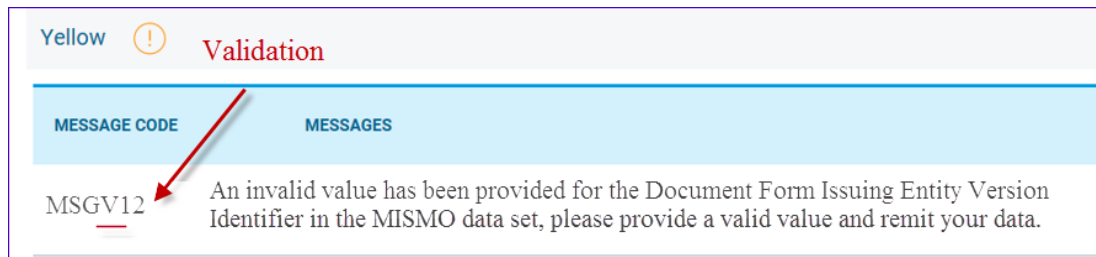

### General Information Assessment Results

There are two types of error messages in the General Information section:

- General Information 'General' Assessment Message. General information messages are expanded by default. Messages will display in the General Information tab if the data is missing or not formatted correctly per the UCD file specification. Most General Information messages will display with a message code of MSGGLXXX.

- General Information 'Validation' Message: This message will display in the General Information tab if the data is invalid per the UCD file specification. For example, if the field requires a numerical value however an alpha numerical value was delivered instead. The Message code will show a 'V' to indicate Validation Message. For example, MSGVXXX.

## Data Quality Assessment Results

- Data Calculation message: This type of message will display when the tool calculates a value, based on the individual data points that make up a total, and that calculated total does not match the amount that is provided in the delivered file. The Message Code will show as DQCLXXX. DQCL stands for Data Quality Calculation.

- Data Completeness message: This type of message will display when the tool determines that a data point that is required (or conditionally required) per the UCD specification has not been provided or when a data point that is not required has been incorrectly provided. The Message Code will show as DQCXXX. DQC stands for Data Quality Completeness.

Yellow ⓘ **Completeness**

MESSAGE CODE	MESSAGES
DQC2402	A description of the late charge must be delivered.

- **Data Consistency message:** This type of message provides feedback when the same data element appears in different sections of the Closing Disclosure form but does not match. An example might be if the Principal and Interest in the Loan Terms Section is not consistent with the Principal and Interest in the projected Payments section. The Message Code will show as DQCOXXX. DQCO stands for Data Quality Consistency.

Yellow ⓘ **Consistency**

MESSAGE CODE	MESSAGES
DQCO305	The Seller's Legal Entity in the Seller Disclosure does not match the Seller's Legal Entity New Homes Inc. in the Borrower's Disclosure.

- **Data Reasonableness message:** This type of message displays when the value of the data point provided does not appear to be reasonable based on known information. For example, a loan amount of \$1 would be categorized as not being reasonable and would trigger a review flag for the user. The Message Code will show as DQRXXX. DQR stands for Data Quality Reasonableness.

Yellow ⓘ **Reasonableness**

MESSAGE CODE	MESSAGES
DQR105	The disbursement date should be on or after the closing date of 2015-10-06 .

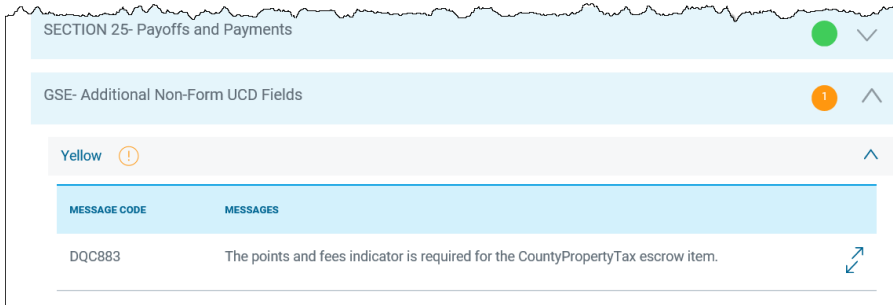

- **Data Validation message:** This type of message will display if the data provided is invalid per the UCD file specification. For example, the file contains an invalid enumeration. The Message Code will show as DQVXXX. DQV stands for Data Quality Validation.

Yellow ⓘ **Validation**

MESSAGE CODE	MESSAGES
DQV401	RehabilitationFunds is not a valid escrow item.

- **GSE- Additional Non-Form UCD Fields:** This section provides messages specifically for additional data points required in the UCD that are not a part of the Closing Disclosure form.

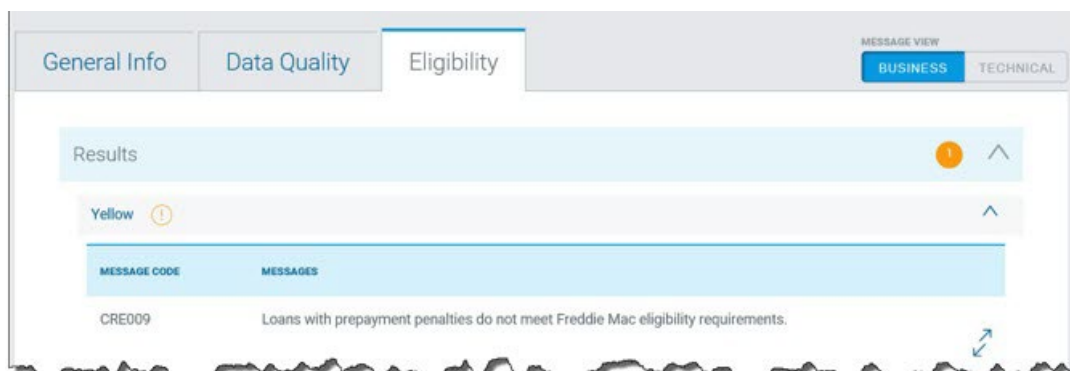

- **Critical message:** This type of message will display when a critical error is triggered because the data submitted to Loan Closing Advisor does not meet the requirements of the Uniform Closing Dataset.

## Eligibility Assessment Results

This section provides several checks completed by Loan Closing Advisor to validate conformity with some Freddie Mac eligibility guidelines utilizing only data provided in the UCD XML file. This allows you to perform eligibility checks earlier in the process to provide additional certainty as to the quality of the data prior to delivery and submission to Loan Selling Advisor®.

- **Eligibility Message Code:** This type of message will display when an informational or critical error is triggered when Loan Closing Advisor checks data conformity with some Freddie Mac eligibility guidelines when only utilizing data in the UCD XML file. The message code will show as CREXXX.

## Business and Technical Messages

- Business Messages: Warning and error messages default to business messages designed to be clear and concise, and easily understood by the user. The Loan Assessment Summary will default to show all messages in business format as illustrated on the next page.

SECTION 3- Loan Information

Refer to *Chapter 4, Export*, on how to export results including applicable Business and Technical messages.

## Introduction

The Export History page may be accessed from the top navigation bar by clicking **Export History**. You can export data in the following formats:

- CSV
- XLS
- XLSX
- XML

The Export History page allows you to check the export request status and select and download your export history. Use the table on the Export History page to check the progress and access your completed export files.

To download and export the file, select the appropriate Export File ID(s) and click **Download**. Each completed export file listed will automatically display for seven calendar days from the date created.

Use the **Status** column to determine if the export request is complete. Click **Refresh** to update the status of requests.

The following main topics will be addressed in this chapter:

- How to view and download Export History
- Export History Data Field Definitions

## Export History

1. The Export History page allows you to check the export request status and select and download your export results. To get to the Export History screen, Click **Export History** from the top navigation bar.

2. The Export History page displays. Refer to Chapter 3, *View Results*, for information on how to create the Export file.

The export files listed below will display for 7 Calendar days from the date created.

## How to View and Download Export History

To view your detailed export results, follow the steps below:

1. Click **Export History** on the top navigation bar.

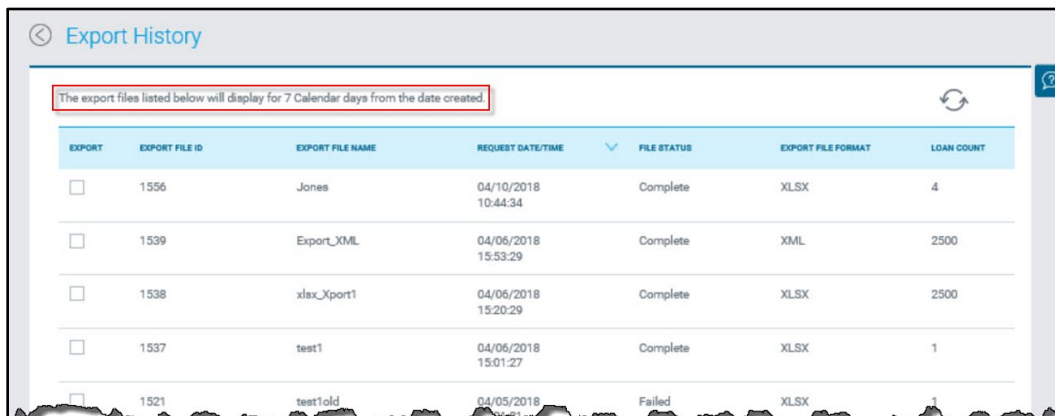

Loan Closing Advisor® ASSESS FILE VIEW RESULTS EXPORT HISTORY

Welcome to Loan Closing Advisor®

Welcome! Loan Closing Advisor® is Freddie Mac's collection solution for the Uniform Closing Dataset (UCD), helping you to validate that your closing data aligns with the UCD. With this application, close loans with greater confidence.

The Export History page displays. Each completed export file will display on the Export History screen for 7 calendar days from the date created.

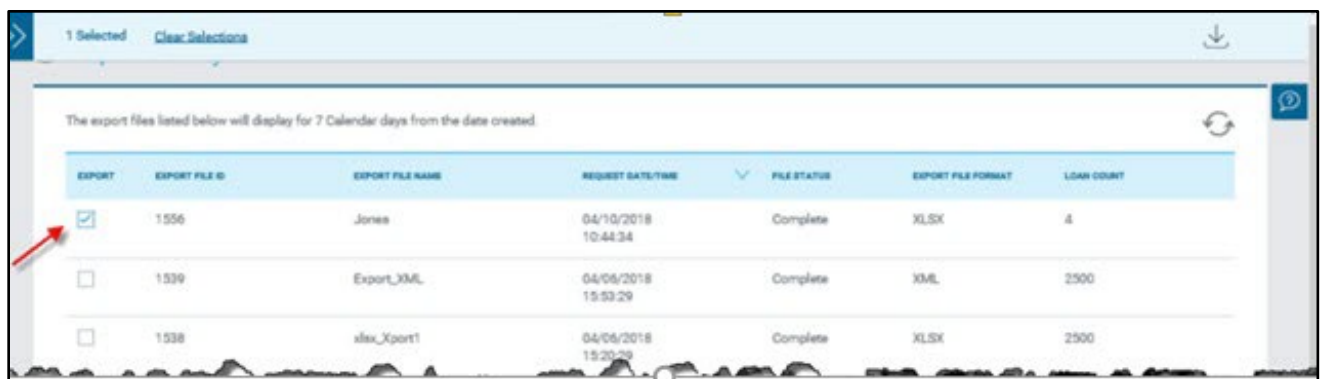

EXPORT	EXPORT FILE ID	EXPORT FILE NAME	REQUEST DATE/TIME	FILE STATUS	EXPORT FILE FORMAT	LOAN COUNT

<input type="checkbox"/>	1521	test1old	04/05/2018	Failed	XLSX	1

**Note:** If you have no results to display, the following message will display.

“No export files found during the last 7 calendar days.”

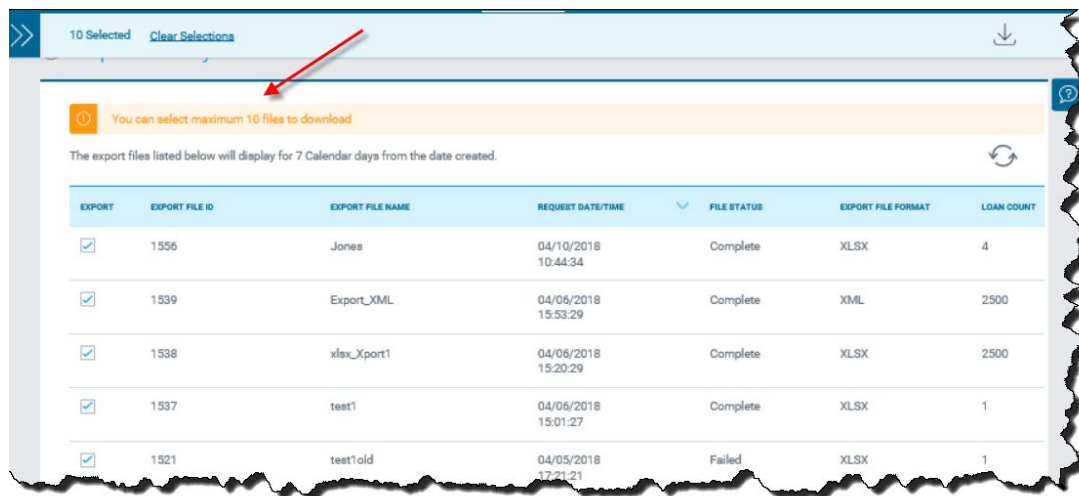

- In the **Export** column export file requests are listed in order with the most recent request at the top of the list. Export files are available for download when the File Status is **Complete**. Select the file(s) you want to download by clicking the check box for a file with a Complete File Status. A toolbar will then display at the top of the page indicating the number of files selected. To deselect the file(s) chosen, click the **Clear Selections** hyperlink. The selected transactions and the toolbar will be removed.

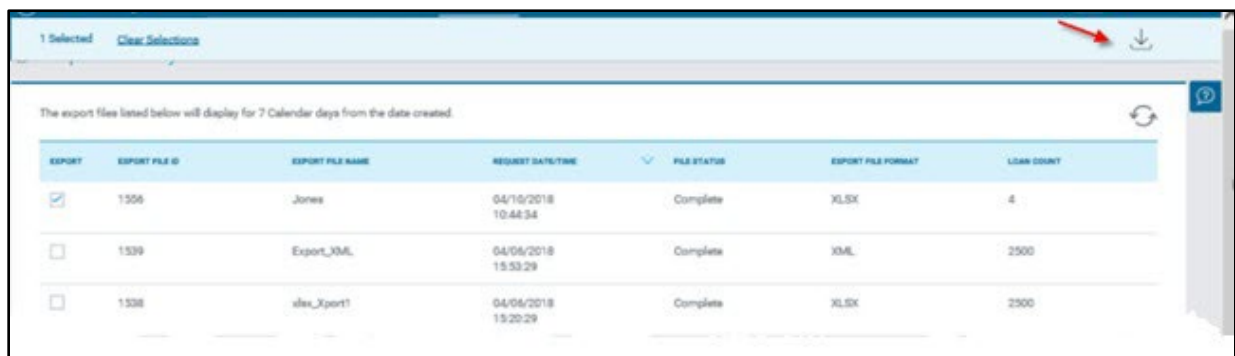

EXPORT	EXPORT FILE ID	EXPORT FILE NAME	REQUEST DATE/TIME	FILE STATUS	EXPORT FILE FORMAT	LOAN COUNT
