![AllRegs Home Page](image)

Additional information for each are provided in the sections below.

**Table of Contents - Freddie Mac Single Family**

Under Freddie Mac Single Family, you will see the following:

- **Guide Bulletins and Industry Letters**
- **Single-Family Seller/Servicer Guide**
- **Archive of Single-Family Seller/Servicer Guide**
- **Document Custody Procedures Handbook**

**Guide Bulletins and Industry Letters**

When "Guide Bulletins and Industry Letters" is expanded, the Freddie Mac Copyright and Disclaimer and Bulletins and Industry Letters from 2012 and prior years display.

**Single-Family Seller/Servicer Guide**

When the Single-Family Seller/Servicer Guide is expanded, the page displays the following:

- **Introduction and Table of Contents**
  This page, located under “Single-Family Seller/Servicer Guide”, lists the titles of all chapters, sections, exhibits and forms. Each title also links directly to the corresponding content. When a chapter, section, exhibit and/or form is updated with the publication of a Guide Bulletin, the title of that chapter, section, exhibit or form will be highlighted for 60 days.

  This is an easy-to-navigate page where you can see the contents of the Guide as well as determine recent updates in one view.

- **Printable PDF version of the Guide**
  Under “Single-Family Seller/Servicer Guide”, the “Printable PDF version of the Guide” provides all Guide chapters as a single PDF with easy-to-use navigational bookmarks. This allows you to:
  - Save a copy of all Guide chapters
  - Search all Guide chapters (using CTRL + F)
  - Print individual pages (such as certain sections) of the Guide chapters

  This comprehensive PDF file contains all Guide chapters as of the publication of the most recent Bulletin with Guide updates. There are also separate PDFs, located under the applicable segment, of each Guide segment (Freddie Mac – Seller/Servicer Relationship, Selling and Servicing) to provide Seller/Servicers with more specific options for searching and printing.

- **Freddie Mac – Seller/Servicer Relation** - Freddie Mac’s requirements for Mortgages secured by 1- to 4-unit properties are split into the following three segments:
  - **Freddie Mac – Seller/Servicer Relationship**
  - **Selling**
  - **Servicing**

- **Exhibits, Forms, Glossary and Directory**. Note that:
  - Exhibits referenced in the Guide are Freddie Mac exhibits unless otherwise indicated.
  - Forms referenced in the Guide are Freddie Mac forms unless otherwise indicated.
The Glossary contains definitions of select terms used in the Guide.

The Directory contains Freddie Mac contact information (addresses, telephone numbers, fax numbers and e-mail addresses) to be utilized for specific questions, requests and documentation. Guide references to the Directory are indicated with a bolded parenthetical (e.g., “(see Directory 5”).

The Guide’s design places the provisions applicable to all Seller/Servicers in one central location (Freddie Mac Seller/Servicer Relationship), and then differentiates between those for selling and servicing. Although the Guide has distinct Selling and Servicing Segments, there may be information and/or cross references for Servicers in the Selling Segment and for Sellers in the Servicing Segment.

The Freddie Mac – Seller/Servicer Relationship Segment contains the following series:

- Series 1000, General Contract Terms
- Series 2000, Doing Business with Freddie Mac
- Series 3000, Risk Management and Remedies

The Selling Segment contains the following series:

- Series 4000, Mortgage Eligibility
- Series 5000, Origination and Underwriting
- Series 6000, Selling and Delivery

The Servicing Segment contains the following series:

- Series 7000, Transfers of Servicing
- Series 8000, Servicing All Mortgages
- Series 9000, Servicing Default Management

Within each series, the content is grouped with like topics: Each topic contains at least one chapter, and each chapter contains at least one section. The titles of topics, and chapters and sections within topics, are intended to facilitate navigation and searching capabilities.

The numbering system of the Guide reflects how the provisions are grouped by segment, series and topics. The format is as follows:

- XXXX.XX – The first digit indicates the series number (for example, Series 6000, Selling and Delivery, or Series 5000, Origination and Underwriting)
- XXXX.XX – The second digit indicates the topic number, which can have one or many chapters
- XXXX.XX – The last two digits before the decimal point indicate the chapter number
- XXXX.XX – The two digits after the decimal indicates the section number

For example, in Section 1101.1:

- 1101.1 – The first “1” represents that this section is located in Series 1000, General Contract Terms
- 1101.1 – The second “1” represents that this section is located in the first topic of Series 1000, Topic 1100, The Guide
- 1101.1 – The “01” before the decimal point represents that this section is located in the first chapter within Topic 1100, Chapter 1101, The Guide
- 1101.1 – The “1” after the decimal point represents that this is the first section in Chapter 1101, Section 1101.1, Introduction to the Guide.
This numbering can help in locating specific content. For example, these are the steps you can take if you want to locate the Guide requirements about reporting fraud and other Suspicious Activity:

- First, the **segment** should be identified. This is a requirement that applies to both Sellers and Servicers and is contained within the Freddie Mac Seller/Servicer Relationship Segment.
- Second, the **series** should be found. As this is part of risk management, the relevant series is Series 3000, *Risk Management and Remedies*.
- Next, the **topic** needs to be determined. These requirements are contained within Topic 3200: *Fraud Prevention, Detection and Reporting; Reporting Other Suspicious Activity*.
- Finally, the **chapter and section** within the topic need to be located. In this case, the chapter title mirrors the topic heading, Chapter 3201: *Fraud Prevention, Detection and Reporting; Reporting Other Suspicious Activity*. The specific provisions about this subject are contained in Section 3201.2: Fraud and other Suspicious Activity reporting requirements.

The numerical reference to this provision, then, is Section 3201.2.

**Guide Content Features**

This section explains Guide content features that identify when changes to the Guide are made.

- **Effective Dates**

  The date listed next to a Guide provision title is the effective date of the most recent update to that Guide provision. There may be some instances where the provision is effective on a future date.

  Below shows the Table of Contents view for Chapter 2101 with each effective date listed next to the section’s title.

  ![Table of Contents](image)

- **Inline Revision History**

  You are able to review changes made throughout each year directly in line with the current information (Inline Revision History), and are able to review the current information in a Guide section, form, exhibit, Directory or the Glossary (collectively referred to as Guide provisions) with the option to “show” or “hide” past and future revisions.

  Any future revision of a Guide provision is always shown first, followed by any revision history and then the current content is shown. Below is an example of a section with both a future version and revision history.

<table>
<thead>

  8303.11: Short sale reporting and drafting requirements (06/12/19)
• When selected, future revisions and revision histories are shown in blue shaded boxes while current content is not shaded.
• While you can show or hide future revisions and revision histories, you cannot hide current content.
• Searching and printing information for future revisions and revision histories of a Guide provision can be found under the "Search tab" and "Printing" sections of this user guide.

• **Color-Coded Text**

The most recent Guide additions are "color-coded" with green text. This allows you to view the additions made with the given effective date version of a Guide provision. Minor changes, such as grammatical and formatting revisions, are not color-coded.

Below is an example of a section with green color-coding:

6. If the Mortgage is secured by a leasehold estate, the term of the lease (or any exercised option to renew the lease, or any renewal options that are enforceable by the leasehold mortgagee, whichever is applicable) must not terminate earlier than five years after the maturity date of the proposed modified Mortgage. In the event that the current term of the lease (or applicable renewal options) terminates earlier than five years after the maturity date of the proposed modified Mortgage, the term of the lease must be renegotiated in order to satisfy this requirement prior to offering the Borrower a Trial Period Plan.

7. If the Mortgage is subject to an indemnification agreement and is otherwise eligible under the requirements of this chapter, the Servicer has discretion to approve the mortgage modification provided the following conditions are met:
   • The modified Mortgage retains its credit enhancement

• **Links to Related Guide Bulletins**

A table is included at the end of the section of a Guide provision with links to the related Guide Bulletin(s). This provides you with quick access to recent Guide Bulletins discussing the changes made to that Guide provision. Below is an example of a Related Guide Bulletins table.

<table>

Searching

The search function at the top of the pages provides a comprehensive search of all subscribed AllRegs Online content, including the Guide requirements, among others. By properly defining and executing your search, it should return results quickly and save you valuable time.

You can also search the real-time Guide PDF by using the CTRL + F function. See the Guide PDFs section for more detail.

It is easy to perform a broad basic search by typing in a word or phrase that you are looking for and pressing Enter. However, it’s recommended that you filter and refine your search. The following tips can help:

- Every word matters. Generally, all the words you type in will be used.
- Search is not case sensitive. Searching for [mortgage] is the same as searching for [Mortgage].

This process should be followed to obtain good quality searches so the results will closely relate to what you wish to find.

- Use the filter – located in the All Content drop-down menu - to select specific sections or documents to search.
  - If you want to search all, use ✓ Select All
  - You can select specific sub-sections and documents within each folder by clicking the > sign. This will expand the list.
  - If you want to search only current Guide requirements, do not include the ✓ Include Old Content filter in your search filter.
- Enter a search term on the top of the page.
- Select **Options** to toggle the Find Synonyms, Match all words, Match any words, Match exact phrase.
- Press the **Enter** key or click 🔍 to perform the search.

**Create Your Search**

1. In the **All Content** field, enter your keyword(s) or phrase. If applicable, select one of the suggested search terms from the list that appears below your keyword(s).
2. Click **All Content** to refine your search results.

3. A pop-up window displays additional search options. Perform the following:
   a. Select the content tab from the list on the left. The table of contents displays on the right.
   b. Select the content you want to search.
   c. Click **Options** to modify how the keyword(s) are queried.

4. Toggle the following attributes to narrow or expand the scope of the search results.
   a) **Find Synonyms** – If checked, it will include any of the terms you enter, as well as terms with nearly the same meaning in the results.
   b) **Match all words** – Searches all words of the terms you enter and will only provide results that include all the words, but not necessarily in the same order as entered in the search field. If you are unsure of the exact terminology, you can select **Find Synonyms** to show results for similar terms as well.
   c) **Match any word** – Searches for any of the words you enter and will provide results that include any of the words as if each word were searched individually. You can select **Find Synonyms** to show results for similar terms with this search option as well.
   d) **Match exact phrase** – Searches for the phrase you enter, exactly as typed.
5. Press the Enter key or click the search icon to perform the search.

6. The search results are displayed in the right panel; click a document title to view the document.

7. You may narrow the search results by selecting a Recurring Keyword from the list on the left that also appears in the list of document results.

Tips and Best Practices for Searching

- Keep it simple. If you’re looking for a particular subject, just enter the logical word or phrase, or as much of its name as you can recall. If you’re looking for a particular concept or product, start with its name. For example, if you’re looking for [Home Possible] guidelines, just enter [Home Possible]. Simple is good.

- For general searches think how the document you are looking for will be written. A search engine is not a human; it is a program that matches the words you give to documents on AllRegs Online. Use the words that are most likely to appear on the page, for example, instead of typing [values that are assigned to properties], enter [appraisals], because that’s a more direct choice for your search.

- Describe what you need with as few terms as possible. All words you search for are used so additional words limit the results. The main advantage to starting with fewer keywords is that, if you don’t get what you need, the results may come back with something that may help you choose a better term to refine your results on the next search.

- Use Guide Glossary terms when possible. For example, if you search [adjustable rate mortgage], you will not get as many results as when you search [ARM], which is a Guide Glossary term. Therefore, for extensive results on [adjustable rate mortgages], you will need to search [ARM].

- Choose descriptive words. The more unique the word is the more likely you will get relevant results. Words that are not very descriptive, like [document], [company], or [info] are usually not needed. Keep in mind, however, that even if the word has the correct meaning but it is not the one most commonly used,
it may not match the pages you need. For example, [cell phone ringtones] is more descriptive and specific than [cell phone sounds].

- Content contained within Guide forms and exhibits that are posted as attached documents are not searchable. However, the titles of attached documents are searchable. Therefore, when a search is run for a certain term, even if that term is contained within a form or an exhibit that is posted as an attachment, the search results will not include that form or exhibit unless the term is also part of the title.

- **Define your search using the inline revision feature.** If a Guide provision with a future revision or revision history is included in search results, the searched term will be highlighted and shown first in each applicable future revision and/or revision history, followed by the current content. Hide any future revisions or revision histories if you only want to see where the term appears in the current version.

The following features and navigation aids are available within the document view:

- a. Table of Contents: Navigates to the table of contents page.
- b. Back to Search Results: Navigates to the most recent search results.

Inactivity

Links to the Guide

Links throughout the current version of the Guide will always go to the current effective version of that Guide provision.

Links throughout an archived version of the Guide go to the version of the Guide that was in effect in that archived folder. For example, a link to Section 37.13 in the “Guide Published as of the Date of the Last 2014 Bulletin” goes to the version of Section 37.13 that was in effect on December 18, 2014, the date that the last Guide Bulletin of 2014 was published.

Additionally, for Bulletins:

- Links to Guide provisions in Bulletins published in 2013 and later archived years link to the corresponding Guide provisions in the “Archive of the Single Family Seller/Servicer Guide Published as of the Date of the Last 2013 Bulletin” folder.
Guide Information on Freddiemac.com

In addition to the Guide on AllRegs Online, you can access valuable information at https://sf.freddiemac.com/tools-learning/sellersservicer-guide/overview including the Historical Guide Snapshot PDFs reflecting archived Guide requirements and Guide Update Spreadsheets.

Historical Guide Snapshot PDFs Available on Freddiemac.com

Historical Guide Snapshot PDFs reflecting the Guide requirements as of the date of a specified Bulletin publication are published on Freddiemac.com.

For each snapshot, there are two comprehensive files: one contains all of the Guide Bulletins and Industry Letters published since the date of the last snapshot, and the other contains all chapters of the Guide as they were published on the date of the specified Guide Bulletin. The Guide snapshots for 2010 and later years, are available at https://sf.freddiemac.com/faqs/historical-guide-snapshot-pdfs.

Guide Update Spreadsheets

Single-Family Seller/Servicer Guide

Under this folder, there are folders for the Guide Position Summary (GPS), this User Guide and the Single-Family Seller/Servicer Guide.

Under the Single-Family Seller/Servicer Guide folder, the following three segments contain Freddie Mac’s requirements for Mortgages secured by 1- to 4-unit properties:

- Freddie Mac – Seller/Servicer Relationship
- Selling
- Servicing

The Guide’s design places the provisions applicable to all Seller/Servicers in one central location (Freddie Mac Seller/Servicer Relationship), and then differentiates between those for selling and servicing. Although the Guide has distinct Selling and Servicing Segments, there may be information and/or cross references for Servicers in the Selling Segment and for Sellers in the Servicing Segment.

The Freddie Mac – Seller/Servicer Segment folder contains the following series:

- Series 1000, General Contract Terms
- Series 2000, Doing Business with Freddie Mac
- Series 3000, Risk Management and Remedies

The Selling Segment folder contains the following series:

- Series 4000, Mortgage Eligibility
- Series 5000, Origination and Underwriting
- Series 6000, Selling and Delivery

The Servicing Segment folder contains the following series:

- Series 7000, Transfers of Servicing
- Series 8000, Servicing All Mortgages
- Series 9000, Servicing Default Management

Within each series, the content is grouped with like topics: Each topic contains at least one chapter, and each chapter contains at least one section. The titles of topics, and chapters and sections within topics, are intended to facilitate navigation and searching capabilities.

The numbering system of the Guide reflects how the provisions are grouped by segment, series and topics. The format is as follows:

- XXX.XX – The first digit indicates the series number (for example, Series 6000, Selling and Delivery, or Series 5000, Origination and Underwriting)
- XXX.XX – The second digit indicates the topic number, which can have one or many chapters
- XXX.XX – The last two digits before the decimal point indicate the chapter number
- XXXX.XX – The two digits after the decimal indicates the section number

For example, in Section 1101.1:

- 1101.1 – The first “1” represents that this section is located in Series 1000, General Contract Terms
- 1101.1 – The second “1” represents that this section is located in the first topic of Series 1000, Topic 1100, The Guide
- 1101.1 – The “01” before the decimal point represents that this section is located in the first chapter within Topic 1100, Chapter 1101, The Guide
• 1101.1 – The “1” after the decimal point represents that this is the first section in Chapter 1101, Section 1101.1, *Introduction to the Guide.*

This numbering can help in locating specific content. For example, these are the steps you can take if you want to locate the Guide requirements about reporting fraud and other Suspicious Activity:

• First, the *segment* should be identified. This is a requirement that applies to both Sellers and Servicers and is contained within the Freddie Mac Seller/Servicer Relationship Segment.

• Second, the *series* should be found. As this is part of risk management, the relevant series is Series 3000, *Risk Management and Remedies.*

• Next, the *topic* needs to be determined. These requirements are contained within Topic 3200: *Fraud Prevention, Detection and Reporting; Reporting Other Suspicious Activity.*

• Finally, the *chapter and section* within the topic need to be located. In this case, the chapter title mirrors the topic heading, Chapter 3201: *Fraud Prevention, Detection and Reporting; Reporting Other Suspicious Activity.* The specific provisions about this subject are contained in Section 3201.2: *Fraud and other Suspicious Activity reporting requirements.*

The numerical reference to this provision, then, is Section 3201.2.

Under the “Single-Family Seller/Servicer Guide” folder, there is also a folder for “Exhibits, Forms, Glossary and Directory.” Note that:

• Exhibits referenced in the Guide are Freddie Mac exhibits unless otherwise indicated.

• Forms referenced in the Guide are Freddie Mac forms unless otherwise indicated.

• The Glossary contains definitions of select terms used in the Guide.

The Directory contains Freddie Mac contact information (addresses, telephone numbers, fax numbers and e-mail addresses) to be utilized for specific questions, requests and documentation. Guide references to the Directory are indicated with a bolded parenthetical (e.g., “(see Directory 5)*”).

**Guide Content Features**

This section explains Guide content features that identify when changes to the Guide are made. Note that while AllRegs functionality, features and resources remain the same, the highlighted table of contents, green text, inline revision history and "Related Bulletins" tables may not appear in the majority of the current Guide at the beginning of a year.

**Effective Dates**

The date listed next to a Guide provision title is the effective date of the most recent update to the Guide provision. This date typically is the same as the date the new or revised Guide provision was published or updated. Exceptions include when the provision is effective on a future date.
Below shows the Table of Contents view for Chapter 2101 with each effective date listed next to the section’s title.

**Inline Revision History**

You are able to review changes made throughout each year directly in line with the current information (Inline Revision History), and are able to review the current information in a Guide section, form, exhibit, Directory or the Glossary (collectively referred to as Guide provisions) with the option to "show" or "hide" past and future revisions.

Any future revision of a Guide provision is always shown first, followed by any revision history and then the current content is shown.

- Future revisions and revision histories are shown in blue shaded boxes while current content is not shaded.
- While you can show or hide future revisions and revision histories, you cannot hide current content.
- Searching and printing information for future revisions and revision histories of a Guide provision can be found under the "Search tab" and "Printing" sections of this user guide.

Below is an example of a section with both a future version and a revision history:

**Future Revision 07/01/19 [Show]**

**Revision History 05/01/19 [Show]**

**Revision History 06/08/16 [Show]**

**8303.11: Short sale reporting and drafting requirements (06/12/19)**

**Color-Coded Text**

The most recent Guide additions are "color-coded" with green text. This allows you to view the additions made with the given effective date version of a Guide provision. Minor changes, such as grammatical and formatting revisions, are not color-coded.

Below is an example of a section with green color-coding:
6. If the Mortgage is secured by a leasehold estate, the term of the lease (or any exercised option to renew the lease, or any renewal options that are enforceable by the leasehold mortgagee, whichever is applicable) must not terminate earlier than five years after the maturity date of the proposed modified Mortgage. In the event that the current term of the lease (or applicable renewal options) terminates earlier than five years after the maturity date of the proposed modified Mortgage, the term of the lease must be renegotiated in order to satisfy this requirement prior to offering the Borrower a Trial Period Plan.

7. If the Mortgage is subject to an indemnification agreement and is otherwise eligible under the requirements of this chapter, the Servicer has discretion to approve the mortgage modification provided the following conditions are met:
   - The modified Mortgage retains its credit enhancement
   - If the Servicer is not the credit enhancement provider, the Servicer must first obtain the written approval of the credit enhancement provider under the terms of the credit enhancement agreement

Links to Related Guide Bulletins

A table is included at the end of the section of a Guide provision with links to the related Guide Bulletin(s). This provides you with quick access to recent Guide Bulletins discussing the changes made to that Guide provision.

Below is an example of a Related Guide Bulletins table.

Each title also links directly to the corresponding content. When a chapter, section, exhibit and/or form is updated with the publication of a Guide Bulletin, the title of that chapter, section, exhibit or form will be highlighted for 60 days and a link to the Bulletin and date of the Bulletin’s publication will be noted.

This is an easy-to-navigate document where you can see the contents of the Guide as well as determine recent updates in one view

Chapter 1201: General Freddie Mac Policies
   1201.1: Objective of Freddie Mac’s purchase programs
   1201.2: Overview of Freddie Mac’s purchase programs
   1201.3: Characterization and nature of Mortgage purchase transactions (Bulletin 2019-12 dated 6/12/19)

Guide PDFs

Within the “Single-Family Seller/Servicer Guide” folder, the “Printable PDF version of the Guide” provides all Guide chapters as a single PDF with easy-to-use navigational bookmarks. This allows you to:

- Save a copy of all Guide chapters
- Search all Guide chapters (using CTRL + F)
- Print individual pages (such as certain sections) of the Guide chapters

This comprehensive PDF file contains all Guide chapters as of the publication of the most recent Bulletin with Guide updates. There are also separate PDFs, located within the applicable segment folder, of each Guide segment (Freddie Mac – Seller/Servicer Relationship, Selling and Servicing) to provide Seller/Servicers with more specific options for searching and printing.
This folder includes folders for the Guide as it was published with specific Guide Bulletins, typically at the end of each calendar year from 2012 forward.

Note that in the “Archive of Single-Family Seller/Servicer Guide Published as of the Date of the Last 2012 Bulletin” folder:

- There is no Inline Revision History feature.
- The Guide text is color-coded to show changes effective in calendar years 2009 through 2013, using the text color assigned for that specific year (2009: orange; 2010: green; 2011: pink; 2012: brown; and 2013: purple). The exact effective date associated with each change can be determined by hovering the cursor over the colored language. A box will pop up indicating the effective date.

Document Custody Procedures Handbook
This folder contains the Document Custody Procedures Handbook, which assists custodians with guidelines to meet our requirements for document custody. It is not a part of the Purchase Documents, as defined in the Guide Glossary.
**Steps for Creating Your Search**

1. Enter your keyword(s) or phrase in the **Enter search terms** box.

2. In the right drop down window panel, select the content you want to search.

3. Click **GO** and review the results displaying the content that matches your query. Select any document link in the right panel to review your desired results. Your selection will display in the right panel.
**Tips and Best Practices for Searching**

- **Keep it simple.** If you're looking for a particular subject, just enter the logical word or phrase, or as much of its name as you can recall. If you're looking for a particular concept or product, start with its name. For example, if you're looking for [Home Possible] guidelines, just enter [Home Possible]. Simple is good.

- **For general searches think how the document you are looking for will be written.** A search engine is not a human; it is a program that matches the words you give to documents on AllRegs. Use the words that are most likely to appear on the page, for example, instead of typing [values that are assigned to properties], enter [appraisals], because that's a more direct choice for your search.

- **Describe what you need with as few terms as possible.** All words you search for are used so additional words limit the results. The main advantage to starting with fewer keywords is that, if you don't get what you need, the results may come back with something that may help you choose a better term to refine your results on the next search.

- **When searching Guide content, use Guide Glossary terms when possible.** For example, if you search [adjustable rate mortgage], you will not get as many results as when you search [ARM], which is a Guide Glossary term. Therefore, for extensive results on [adjustable rate mortgages], you will need to search [ARM].

- **Choose descriptive words.** The more unique the word is, the more likely you will get relevant results. Words that are not very descriptive, like [document], [company], or [info] are usually not needed. Keep in mind, however, that even if the word has the correct meaning but it is not the one most commonly used, it may not match the pages you need. For example, [cell phone ringtones] is more descriptive and specific than [cell phone sounds].

- **Content contained within Guide forms and exhibits that are posted as attached documents are not searchable.** However, the titles of attached documents are searchable. Therefore, when a search is run for a certain term, even if that term is contained within a form or an exhibit that is posted as an attachment, the search results will not include that form or exhibit unless the term is also part of the title.

- **Define your search with the use of the inline revision feature.** If a Guide provision with a future revision or revision history is included in search results, the searched term will be highlighted and shown first in each applicable future revision and/or revision history, followed by the current content. Hide any future revisions or revision histories if you only want to see where the term appears in the current version.

Tips and Best Practices Using AllRegs

Recent Updates

Links to recent Guide Bulletins are located under “Recent Updates” on the home page for quick access to recent announcements and changes.

Inactivity

AllRegs will time out after 60 minutes of inactivity. This is to optimize site performance as high numbers of open sessions can affect the site speed. To avoid having to log back in to AllRegs, do not remain inactive on the site for 60 minutes.

Links to the Guide

Links throughout the current version of the Guide will always go to the current effective version of that Guide provision. Links throughout an archived version of the Guide go to the version of the Guide that was in effect in that archived folder. For example, a link to Section 37.13 in the “Guide Published as of the Date of the Last 2014 Bulletin” goes to the version of Section 37.13 that was in effect on December 18, 2014, the date that the last Guide Bulletin of 2014 was published.
Additionally, for Bulletins:

- Links to Guide provisions in Bulletins published in 2013 and later archived years link to the corresponding Guide provisions in the “Archive of the Single Family Seller/Servicer Guide Published as of the Date of the Last 2013 Bulletin” folder.

Freddie Mac provides the spreadsheets as a convenience to Seller/Servicers to reference, by topic, the specific Guide provisions updated within a Bulletin. The spreadsheets must be referenced in conjunction with the corresponding Bulletin cover letter and the Guide for complete information on the topics and their impacts.

The spreadsheets are available only for Bulletins with numerous Guide updates and/or topics at https://guide.freddiemac.com/app/guide/bulletins.
To view the spreadsheets:

1. From the main Guide page, select **Recent Bulletins**.
