Introducing a New Enhancement to AIM Using Employed Income Data with Digitized Paystubs and W-2s

Our latest Loan Product Advisor's (LPASM) asset and income modeler (AIM) enhancement is yet another tool for your digital toolkit so you can originate with ease and streamline your borrower experience. Integration with AIM Check API is required to leverage this enhancement. Submit the report ID and data sourced directly from the borrower's paystub(s) and W-2 form(s) to the API to obtain an early view of the income calculation before you submit a full application into LPA. When you subsequently include the report ID with your LPA submission, LPA will assess the data submitted via the API for potential representation and warranty relief eligibility for the income calculation.

This resource has been updated to include the use of employed income data obtained from the borrower's paystub and W-2 data. For more information on how to tap into this new enhancement access the <u>AIM for Income Using Employment Data with Digitized</u> <u>Paystubs and W-2s job aid</u>.

Introduction to AIM Using Employed Income Data

AIM using employed income data is a capability integrated in Loan Product Advisor (LPASM) that assesses a borrower's employed income data using a report from third-party service providers (the "service provider") or the borrower's paystub(s) and W-2 form(s). For more information on getting started with a service provider refer to the Appendices, or Asset and Income Modeler webpage. For more information on using digitized paystubs and W-2 data refer to the AIM for Income Using Employment Data with Digitized Paystubs and W-2s job aid. The income data can help you automate your income calculations and determine if borrower income verification requirements are met on conventional loans. Results from the assessment are displayed on the Loan Product Advisor Feedback Certificate. This approach provides operational efficiencies through system-driven optimization of the collection and assessment of data relating to borrower's income and it allows for potential relief from Freddie Mac's enforcement of certain selling representations and warranties related to the accuracy of the income calculation related to eligible income types that are on the verification report or paystub(s) and W-2 form(s) and accuracy and integrity of the data represented on the verification report. Refer to the Income Representation and Warranty Relief Results section in this resource. Income that cannot be assessed using AIM for income using employed data can still be used to qualify the borrower, provided it is verified and meets the requirements of the Freddie Mac Single-Family Seller/Servicer Guide (Guide).

Eligibility Requirements

To take advantage of AIM using employed income data and potential relief from Freddie Mac's enforcement of certain selling reps and warranties related to the borrower's income, the loan must be submitted to LPA and meet the requirements summarized below. For complete requirements, refer to Guide Chapter <u>5901</u>.

General Eligibility Require	ements			
Торіс	Requirement			
Eligible Products	Conventional mortgages			
Loan Purpose	PurchaseRefinance			
Eligible Income Types	The following income types are eligible for AIM:			
(As described in the Guide)	 Base non-fluctuating and fluctuating hourly employment earnings Overtime income Bonus income Commission income 			
	Note: If using, AIM for income using employed data with digitized paystubs and W-2 forms the eligible income types require the presence of base income to be eligible for assessment.			
	The following employment earnings are not eligible:			
	 Military pay Earnings with the following characteristics: Earnings of a borrower employed by a family member, the property seller, real estate broker or other interested party to the transaction Employed income from foreign sources Income reported on Internal Revenue Service (IRS) Form 1099 Note: Income — such as self-employed income, rental income, alimony, child support, etc. — that cannot be assessed with this capability will not be eligible for income reported on a gualificing income report. 			
	and warranty relief; however, the income type may still be used as qualifying income provided it is documented and verified in accordance with the Guide.			

Торіс	Requirement
Underwriting Requirements	 All employed income data must be in U.S. dollars. You must confirm that the information on the third-party verification report or on the paystub(s) and W-2 form(s) is for the correct borrower and employer.
	 When the employed income data has been obtained from the borrower's paystub(s) and W-2 form(s): The paystub(s) and W-2 form(s) must be maintained in the mortgage file. When the employed income data has been obtained from the borrower's paystub(s) and W-2 form(s): The paystub must show the time period covered, the current pay period dates and earnings and complete year-to-date earnings.
	 In addition, no more than 10 business days prior to the Note Date, you must confirm the borrower's employment by obtaining a 10-day pre-closing verification of employment in accordance with the requirements of Section 5302.2. If the borrower took a temporary leave of absence, as of the date of the verification report, the borrower must have returned to work. Note: If the employed income data has been obtained from the borrower's paystub(s) and W-2 form(s), you must maintain documentation in the mortgage file showing the borrower has returned to work.
	 You must have no knowledge, information or documentation that contradicts a reasonable expectation of continuance of income or probability of consistent receipt of income for at least the next three years.
Age of Verifications	 Verification report is obtained: The verification report must be dated no more than 120 days before the Note Date*. The expiration date of the verification report reflected in feedback messaging on the Last Feedback Certificate complies with the requirements in Section 5102.4. When the employed income data has been obtained from the borrower's paystub(s) and W-2 form(s): The paystub and W-2 must be dated no more than 120 days before the Note Date* and the paystub must be dated no more than 30 days before the application received date.
	*Note Date or Effective Date of Permanent Financing for Construction Conversion and Renovation Mortgages.
Loan Product Advisor	 You must: Receive an LPA Accept Risk Class Submit the most current version of the employed income data to LPA. If you obtain an updated verification report, paystub(s) or W-2 form(s), you must resubmit the employed income data to LPA. Submit to LPA the income amount you used to underwrite the mortgage. Investigate and resolve any inconsistent or contradictory information between the verification report, information contained in Form 65 and the mortgage file, and if applicable, resubmit to LPA with the correct information.
Delivery	Loan must be delivered through Loan Selling Advisor [®] as a Loan Product Advisor mortgage with an LPA AUS Key Number.

Income Representation and Warranty Relief Results

LPA assesses the eligible income types on an individual borrower-level and income component-level basis for income representation and warranty relief eligibility, see below. On a loan-level basis, LPA returns one of the following income rep and warranty results on the feedback certificate using an "Income R&W Relief" indicator of: Eligible, Partial, Not Eligible, or Unavailable in the **Assessment Summary** section of the Loan Product Advisor Feedback Certificate (Figure 1). The Feedback Certificate also provides additional messages associated with the income rep and warranty relief result in the **Employment and Income Messages** section of the Loan Product Advisor Feedback Certificate (Figure 2). Review the messages and reconcile them against the information with the employed income data. Keep in mind, after you review the messages and determine what, if any action is needed, you may choose to resubmit the loan.

Terms	
Loan-level representation and warranty relief	All income assessed and used for qualification purposes is from an <u>eligible income type(s)</u> and receives income representation and warranty relief for the accuracy of the income calculation on the verification report or paystub(s) and W-2 form(s), and the accuracy and integrity of the data represented on the verification report*.
Partial representation and warranty relief	Multiple sources of income are used for qualification purposes, however, representation and warranty relief is received only for <u>eligible income type(s)</u> on the verification report or paystub(s) and W-2 form(s) and accuracy and integrity of the data represented on the verification report*.

To obtain relief, the data on the last complete Loan Product Advisor Feedback Certificate must be consistent with the data delivered to Freddie Mac.

*When employed income data is obtained from the borrower's paystub(s) and W-2 form(s): You are **not** relieved from the representations and warranties related to the accuracy and integrity of the data on the paystub(s) and W-2 form(s).

Loan Product Advisor Feedback Certificate Results Returned, including Documentation Requirements:

The following chart provides a summary of income assessment results and the messages returned to confirm income representation and warranty relief eligibility and documentation requirements. Examples provided below are the results returned when you obtain and submit a verification report. Refer to the <u>AIM</u> for Income Using Employment Data with Digitized Paystubs and W-2s job aid for examples of the results when using digitized paystubs and W-2 data.

Eligibility Result	Representation and Warranty Relief	Income Documentation Requirements
Income R&W Relief Indicator:	 You are relieved from enforcement of the following representation and warranties: 1. Accuracy of the income calculation related to <u>eligible</u> <u>income types</u> that are on the verification report, or paystub(s) and W-2 form(s),and 2. Accuracy and integrity of the data represented only on the verification report. Note: You are not relieved from the representations and warranties related to the accuracy and integrity of the data when obtained from the borrower's paystub(s) and W-2 form(s). 	 For eligible income types that are on the verification report or paystub(s) the verification report, paystub(s) and W-2 form(s), as applicable, are acceptable documentation and must be maintained in the mortgage file. Note: Paystub and W-2 documentation must meet the requirements of Section 5302.2. A loan may have multiple income sources and one or more is eligible for income representation and warranty relief. For the income source(s) not eligible for income representation and warranty relief, you must either: 1. Verify and document the income as required by the Guide, or 2. Remove the income and resubmit the loan to LPA.

Additional Documentation

When using an Income Verification Report

You must maintain a copy of the verification report in the loan file for loans with income that is eligible for representation and warranty relief.

Internal Revenue Service (IRS) Form 4506-C

For mortgages that receive an income representation and warranty relief feedback message of either "Eligible" for loan-level income representation and warranty relief or "Eligible" for partial income representation and warranty relief and a feedback message that no further documentation is required for the income reflected on the verification report, if **all** the income of a borrower is from an <u>eligible income</u> type and is **on the verification report**, you do **not** need to obtain and maintain in the loan file the following:

- An IRS Form 4506-C (or alternative form acceptable to the IRS that authorizes the release of comparable tax information to a third-party signed by the borrower, or
- A Commonwealth of Puerto Rico Form 2907 or Form 4506-C (or an alternate form that authorizes the release of comparable tax information to a third party), as applicable, signed by the Borrower for income that is derived from sources in Puerto Rico, Guam or the U.S. Virgin Islands and is exempt from federal income taxation under the Internal Revenue Code.

For mortgages using paystub(s) and W-2 form(s) as employed income data that receive an income representation and warranty result of either "Eligible for Income Representation and Warranty Relief" or "Eligible for Partial Income Representation and Warranty Relief", the documentation requirement for IRS Form 4506-C of Section 5302.5 applies.

For mortgages that received an income representation and warranty result of either "Not Eligible for Income Representation and Warranty Relief" or "Unable to Assess for Income Representation and Warranty Relief", the requirements of Section 5302.5 apply.

Did you know?

10-Day Pre-Closing Verification (10-day PCV): AIM for Employment Using Payroll Data

LPA automates the 10-day PCV requirement using the payroll data obtained from the income/employment verification report and provides a 10-day PCV close-by-date message that is returned on the LPA Feedback Certificate. If the loan closes before the close-by-date, the 10-day PCV requirement is met. If the Note Date will be after the close-by-date (e.g. the close-by-date expires) we have automated options to update the close-by-date. You do **not** receive representation and warranty relief for the 10-day PCV.

For more information refer to the <u>10-Day Pre-Closing Verification At-a-Glance</u> job aid.

Seller's In-House Quality Control Program (Guide Section 3402.7)

Notwithstanding the requirements of Guide, for mortgages selected for pre-closing and/or post-closing quality control review that receive an income rep and warranty message of either "Eligible" for loan-level or "Eligible" for partial income representation and warranty relief with a feedback message indicating that no further documentation is required, for the income reflected on the verification report using employed income data or paystub(s) and W-2 form(s), you are **not required** to do the following for <u>eligible income types</u> that are on the verification report or paystub(s) and W-2 form(s).

- Reverify or recalculate the income
- Obtain IRS income information using Form 4506-C or acceptable alternate form for the assessed income, or
- Obtain income information using Commonwealth of Puerto Rico Form 2907 or Form 4506-C or acceptable alternate form for the assessed income

Note: For mortgages using paystub(s) and W2 form(s) as employed income data that receive an income representation and warranty result of either "Eligible for Income Representation and Warranty Relief" or "Eligible for Partial Income Representation and Warranty Relief", the documentation requirement for IRS Form 4506-C of Section 5302.5 applies.

Details on AIM Using Employed Income Data

The next several sub-sections cover details, including the initial setup process and steps for using LPA's automated income assessment when obtaining a verification report from a service provider.

Refer to the <u>AIM for Income Using Employment Data with Digitized Paystubs and W-2s</u> job aid for information on getting started with the AIM Check API and LPA.

Initial Setup When Obtaining a Verification Report

To benefit from AIM using employed income data, you must first have an agreement for applicable verification services with a service provider that authorizes the service provider to share the employment data with Freddie Mac. You are not required to use the automated income assessment.

For more information on the specific initial set-up process with each eligible service provider please refer to the <u>Appendices</u> of this resource.

After setup is complete with the service provider, LPA offers various request methods based on your selected service provider, refer to the <u>Appendices</u> for more information on how to receive the income verification data from the service provider.

NOTE: Freddie Mac does not endorse, or make any representations or warranties to lenders regarding, any service provider. Each lender is solely responsible for the decision of whether to engage a given provider, and on what terms, and for ensuring that the providers it engages have in place and maintain controls, processes, and procedures that satisfy the lender's business, operational, risk, legal and regulatory requirements.

Steps for Originating AIM Using Employed Income Data

To originate loans that may be eligible for income rep and warranty relief using a verification report you must complete the steps outlined below. Based on your organization's business processes, the order in which you complete the steps may vary.

Step 1: Order the Income Verification Report from the Service Provider

As part of your process for gathering loan application data and authorizations, also obtain the borrower's authorization to receive the borrower's income information from or through the service provider and to share the information with Freddie Mac. After you have obtained the borrower's authorization, order the verification report from the service provider.

For more information on the specific ordering process for your service provider, refer to the <u>Appendices</u> of this resource.

Step 2: Reconcile the Income Verification Report(s)

Using an automated process, the service provider generates the verification report from its database, or third-party database, if the data is available. If income data is not available, the service provider will notify you.

For an example of a specific service providers "Income Verification Report" refer to the <u>Appendices</u> of this resource.

After you receive the report(s), review the information and address any inconsistent or contradictory information between the report(s) and the mortgage file. For example:

- Does the borrower's identifying information match the loan application (employee name, SSN, address)?
- Do the employer and dates of employment match the loan application?
- Does the borrower's income type match the loan application?
- Does the borrower's payment frequency match the loan application?
- Is the borrower's income amount consistent with the amount disclosed on the loan application?

Reminder: All income verifications must be dated no more than 120 days before the Note Date, or Effective Date of Permanent Financing for Construction Conversion and Renovation Mortgages and may contain up to three years of data.

Step 3: Complete Loan Data Entry

Once you have reviewed the report(s) and addressed inconsistencies, complete your loan data entry. Keep the following in mind when entering data:

 Income must be entered by income type for each borrower for LPA to make an accurate assessment. Enter the borrower's gross monthly income amount used to underwrite the loan.

Step 4: Submit to Loan Product Advisor

For System-to-system (S2S) integration users:

- From your system, provide the Report ID and submit the loan to LPA to begin the assessment. LPA sends a request to the service provider based on the applicable information provided, refer to the <u>Initial Set-up</u>.
- For direct access users accessing LPA through Freddie Mac Loan Advisor[®] portal <u>when</u> providing the Report ID:
 - On the Request Services Metro Stop select the Request Verification Report check box, the Borrower, and Verification Company and enter the Reissue ID/Report ID located on the service provider's income verification report (refer to Figure 1). Click Add Request, and once all applicable data has been entered, click Submit. (refer to Figure 1).

The service provider must match the information provided in the request to release the report data to LPA.

If a match <u>is</u> made, LPA receives the report and completes an analysis on the income as a part of its assessment. Income is derived on an income component-level (base, bonus, commission and overtime) basis. If a match <u>isn't</u> made, you will receive a message indicating LPA was unable to process the report for an individual borrower.

Note: LPA submits a request to the service provider on every submission, however, new data will not be returned unless you order a new report. For example, if the borrower received a raise and you want LPA to consider the raise in its assessment, you need to order a new income verification report and resubmit to LPA.

PREVIOUS			To delete a request from the Order Summary, click on the trash can.	

When you click **Submit**, Loan Product Advisor sends the request to the service provider's system.

Step 5: Review the Loan Product Advisor Results

An "Income R&W Relief" indicator displays in the Assessment Summary section of the Loan Product Advisor Feedback Certificate, indicating if the loan is eligible for income rep and warranty relief. Messages from the automated income assessment are also returned in the Employment and Income section of the Loan Product Advisor Feedback Certificate, Refer to the Income Representation and Warranty Results section.

Review the messages and reconcile them against the information in the verification report(s). Keep in mind, after you review the messages and determine what, if any action is needed, you may choose to resubmit the loan.

Step 6: Deliver the Loan to Freddie Mac

When you are ready to deliver the loan to Freddie Mac, you must deliver it through Loan Selling Advisor with the LP AUS Key Number. Loan Selling Advisor confirms that the data from the last Loan Product Advisor Feedback Certificate is consistent with the data delivered in Loan Selling Advisor, and when applicable, provides rep and warranty relief from certain selling reps and warranties related to the borrower's income.

Prior to delivery, Loan Quality Advisor[®] may be used as a supportive tool for managing the income rep and warranty relief eligibility that was determined in Loan Product Advisor. After delivery, Loan Coverage Advisor[®] may be used to track income rep and warranty relief.

Where to Get Help

For questions related to the automated income assessment, please contact your Freddie Mac representative or Freddie Mac's Customer Support Center at 800-FREDDIE. Also, visit the Asset & Income Modeler (AIM) <u>web page</u>. For questions related to your service provider's system, contact your respective Freddie Mac representative.

L	

Reminder: To take advantage of the new enhancement using digitized paystubs and W-2 forms, refer to the <u>AIM for Income Using Employment Data with</u> <u>Digitized Paystubs and W-2s</u> job aid and contact your respective Freddie Mac representative.

Loan Product Advisor Examples

The following Feedback Certificate examples display messages you may see in your results in the **Assessment Summary** section and the Employment and Income Messages section when using a verification report.

Freddie Mac Learning

Appendices

To obtain an income verification report select from the following third-party service providers to get started.

To get started using our latest enhancement to AIM using employed income data to include digitized paystubs and W-2s in the income assessment, you must first be integrated with AIM Check API and LPA. To learn more contact your Freddie Mac representative and the following resources.

- AIM Webpage
- Job aid
- Clip

NOTE: Freddie Mac does not endorse, or make any representations or warranties to lenders regarding, any service provider. Each lender is solely responsible for the decision of whether to engage a given provider, and on what terms, and for ensuring that the providers it engages have in place and maintain controls, processes, and procedures that satisfy the lender's business, operational, risk, legal and regulatory requirements.

Initial Setup Information

To get started with Equifax (The Work Number), use the following steps:

- 1. Access the following information:
 - Contact Us: <u>Contact Form</u>
 - Email: info@theworknumber.com
 - How to get started <u>Sign Up/Registration</u> page

Note: Visit <u>The Work Number Income and Employment Verification</u> page for more information.

- 2. Sign a partnership agreement with Equifax.
- 3. You must also be enrolled in Audit by Loan Number (ABLN) with Equifax. To enroll in ABLN, you will need to sign an ABLN addendum for Equifax to release their audit copies of their completed verifications to Freddie Mac. Your account representative from Equifax will be able to provide this required addendum. If you do not know your account representative, send an email to info@theworknumber.com to request ABLN.

Note: If using an authorized Equifax reseller, you will need to follow the process outlined by that reseller.

- Once these steps are complete, you are ready to begin using The Work Number Verification of Income report. To begin using this service you may choose to:
 - Opt-in to authorize Loan Product Advisor to obtain income assessment reports on all loans submitted using the loan number; or, leverage the Report ID field to provide the service provider's unique loan identifier/Report Number on a loan by loan basis.

If you elect to "opt-in" you must complete the Equifax (The Work Number) Opt-In Form.

 Not opt-in*, provide Loan Product Advisor with the service provider's Report Number in the Report ID data field to automatically obtain the income verification report you have ordered from the service provider for that Report Number provided.

*As a Seller/Servicer, even though you did not initially complete and submit the Loan Product Advisor Automated Income Assessment-Equifax Opt-in Form, your subsequent provision of the Report Number, like the earlier formal opt-in process, will constitute your authorization for Loan Product Advisor to automatically obtain income assessment reports from Equifax as part of the automated income assessment capability.

Request Methods

Automated Inc	ome Assessment with Loan P	Product Advisor Request Methods
lf,	and,	then,
Opt-in	Report Number is not provided	Loan Product Advisor will automatically request the income verification report(s) using the lender loan number (Loan Number) and borrower(s) social security number (SSN).*
Opt-in	Report Number is provided	Loan Product Advisor will request the income verification report(s) using the Report Number and borrower(s) SSN. <i>Note:</i> The loan number will not be used.
Did not opt-in	Report Number is provided	Loan Product Advisor will request the income verification report(s) using the Report Number and the borrower(s) SSN(s). <i>Note:</i> This will allow lead numbers, TPO loan numbers, or the Loan Product Advisor ID to be used rather than the lender loan number.
Did not opt-in	Report Number is not provided	Loan Product Advisor will not request any income verification report(s) for that submission.

*Loan Product Advisor automatically sends a request to Equifax for income information, however, an income verification report is only returned when:

- An income verification report was ordered, and
- A match was made to identifying information on the request.

Note: To begin using this service through Loan Product Advisor you must select "EFX" as the service provider.

Sample Report

The following is a sample of the Equifax – The Work Number Verification of Income Report.

When The Work Number (TWN) report is ordered through the TWN website you must enter the lender loan number in the Tracking Number field for LPA to retrieve the report.

Initial Setup Information

Finicity is a Mastercard Company, if you are not already an existing customer and would like more information please use Finicity's contact URL for a mortgage specialist to help.

- 1. Contact Finicity directly:
 - Contact URL: <u>https://finicity.com/contact</u>
 - Email: <u>Business.Development@finicity.com</u>
 - Website: <u>https://www.finicity.com/lend/</u>
- 2. Finicity will contact you to determine how you'll integrate. You may:
 - Use a direct integration with a proprietary solution
 - Use your LOS/POS
 - Use FinicityReports an online portal for requesting and managing reports

Note: Visit Finicity's Credit Decisioning page for more information.

- 3. Sign a partnership agreement with Finicity
- 4. Once these steps are complete, you are ready to begin using Finicity verification reports. To begin using this service select "FNCY" as the service provider and provide the Portfolio ID or the Report ID.

Initial Setup Information

To get started with Blend, use the following steps:

- 1. Access the following information:
 - Blend website
 - <u>Contact Us: Contact Form</u>

Note: Only Blend POS customers may use Blend Services and the borrower must use the POS screens.

- 2. Sign a partnership agreement with Blend.
- 3. Once these steps are complete, you are ready to begin using the BlendInsights Income Report.
- 4. To begin using this service through Loan Product Advisor you must:
 - Select "BLNI" as the service provider
 - Provide the Reference Number located on the BlendInsights Income Report (refer to the sample report below).

Note: The VendorReference field in the export file will contain "-ppv" appended to the end of it in the Income section. Example:

- <blend:VendorIndicator>FreddieMac</blend:VendorIndicator>
-

 blend:VendorName>BLNI</blend:VendorName>
- <blend:VendorReference>34470be0-929d-4861-a88a-51034fe4a772-ppv

Note: If a report is refreshed, Blend will change the reference number. You must manually update the reference number in the LPA submission or LPA will use the old report.

Initial Setup Information

Before you can participate in AIM using employed income data with Loan Product Advisor using AccountChek by Informative Research as your service provider, you must first have an account established with AccountChek. If you are not already an existing customer and would like to sign up with AccountChek, please register on the AccountChek website at https://www.informativeresearch.com/accountchek/.

Note: To begin using this service through Loan Product Advisor you must select "ACIR" as the service provider. For a period of time, both "FF" and "ACIR" will be active to give you an opportunity to make system changes.

Sample AccountChek Borrower Enrollment Steps

The borrower must enroll his or her accounts in the AccountChek® system as indicated in the steps below:

- 1. The borrower accesses the email invitation they received to enroll in AccountChek and clicks Get Started. If the borrower hasn't received the email invitation:
 - Have the borrower check their email spam folder. If it is not there, confirm their email address was correctly entered.
 - As applicable, resend the invitation, or if the borrower hasn't opened the email yet, edit the email address and resend if applicable.

The following is a sample AccountChek Income and Employment Report:

The header contains applicant name, date the report was generated, and the Reissue Key that must be entered into the Loan Product Advisor Reissue ID/Report ID field.

Initial Setup

Before you can participate in the AIM using employed income data using Truv as your service provider, you must first have an account established with Truv. If you are not already an existing customer and would like to sign up with Truv, use Truv enrollment URL to sign up, or contact Truv directly.

- Get started: <u>Request a demo</u> (complete form)
- Provide your email address: <u>https://truv.com/</u>

Note: Sign a partnership agreement with Truv.

To begin using this service through Loan Product Advisor you must select "TRUV" as the service provider and provide the Truv Report ID.
