

The renovation market has grown more than 50 percent since 2009. The U.S. market for home improvement and repairs is now over \$400 billion annually, according to the Harvard University's Joint Center for Housing Studies (JCHS). Given the increasing age of existing housing stock, there is a need to provide an affordable way for borrowers to finance older properties in need of repairs.

CHOICERenovation® is our new home improvement offering that allows renovation costs to be included in the mortgage loan amount. It is available across the broad market and all underserved, high-needs markets, including the following Duty to Serve markets: affordable housing preservation, rural housing and manufactured housing.

While CHOICERenovation is valuable in supporting Duty to Serve and other affordable-related lending, there is no requirement that it be used in conjunction with those offerings. There are also no borrower income limitations. For complete details, refer to the *Freddie Mac Single-Family Seller/Service Guide* (Guide), Chapter [4607](#).

Two delivery options

Mortgages with Settlement Dates after completion of renovations:

The renovations and the final inspection **must** have been completed prior to the loan being delivered to Freddie Mac. The loans will be delivered without recourse and Seller must deliver IFI code J25.

Mortgages with Settlement Dates prior to completion of the renovations:

Approved Sellers can deliver the loans to Freddie Mac prior to completion of the renovations. These loans must be delivered with recourse and Seller must deliver IFI code J24.

Freddie Mac has a streamlined eligibility process that reviews the lender's ability to sell mortgages with Settlement Dates prior to the completion of the renovations. The Seller can request approval by calling either its Freddie Mac representative or (800) FREDDIE.

Eligible Mortgages

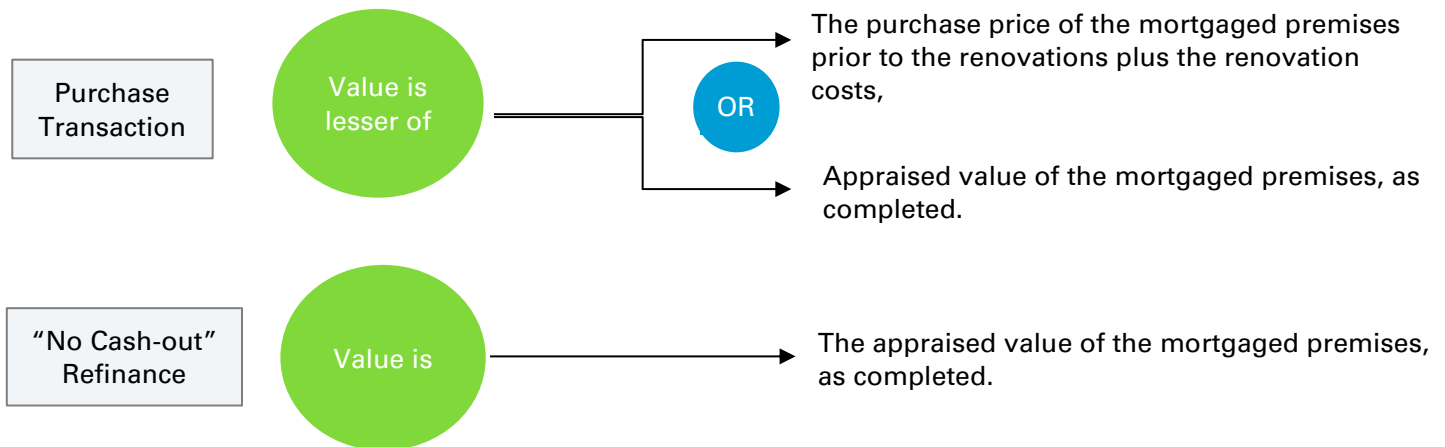

CHOICERenovation Mortgages must be first-lien mortgages and may be many different mortgage products or offerings within the Guide, including Home Possible® and HomeOneSM mortgages. See Section [4607.2\(b\)](#) for the list of mortgage characteristics that are ineligible with CHOICERenovation.

Note: A CHOICERenovation Mortgage secured by a property previously owned free and clear by the Borrower is considered a “no cash-out” refinance Mortgage if the proceeds are used only to finance the eligible renovations described in Section [4607.6](#).
