Repurchase Requests for Early Funding Loan Level Transactions

Introduction

The Early Funding (EF) Loan Level program lets you receive funding up to **30 days** prior to the loans being pooled into a Guarantor or MultiLender security or sold through a mandatory contract for Cash. Through this program, you have more flexibility to aggregate loans and make pooling decisions later.

This reference outlines the steps to request a repurchase and to reimburse Freddie Mac for a loan previously funded through the Early Funding Loan Level program.

Default/Repurchase Events

Under the exceptions shown below, the Seller may be required to repurchase the loan and compensate Freddie Mac:

- Failure to deliver a mortgage through a cash or guarantor contract within 60 days of the initial funding date.
- Breaches of requirements in the Seller's Purchase Documents, including the Seller's Early Funding Loan Agreement.
- Failure to maintain status as an approved Freddie Mac Seller/Servicer.

Follow the steps below to learn how to submit requests to Freddie Mac for the repurchase of loans previously funded through the Early Funding Loan Level program. The steps identify the actions to be taken by the Seller and Freddie Mac, and the order in which they must occur.
