The analysis, verification, calculation and determination of the stable monthly income amount is integral to the overall qualification of the borrower and determination of the borrower’s capacity to repay the mortgage and other monthly obligations. Refer to Guide Topic 5300 for complete requirements and guidance for the analysis, stability, history, continuance and documentation for all stable monthly income and asset qualification sources.

### General requirements for stable monthly income

**Documentation Requirements (Streamlined and Standard Documentation Levels)**

- Stable monthly income is the borrower’s verified gross monthly income from all acceptable and verifiable sources that can reasonably be expected to continue for at least the next three years. For each income source used to qualify the borrower, the Seller must determine that both the source and the amount of the income are stable, with a consistent level of earnings.
- Regardless of the underwriting path, the income qualification sources used to qualify the borrower (whether or not specifically addressed in Topic 5300) and the documentation in the mortgage file must be evaluated for stable monthly income qualification requirements and must meet the requirements of Topic 5300. Income qualification sources that do not meet these requirements or are not calculated correctly may invalidate the Loan Product Advisor Risk Class on the Feedback Certificate.
- The Seller must include a written analysis of the income qualification sources and amount in the mortgage file. In addition, all documentation used to establish stable monthly income must be retained in the mortgage file.
- Refer to Guide Section 5301.1 for more requirements and guidance on:
  - Analysis of stable monthly income amount
  - General requirements for all stable monthly income
  - Income stability and history
  - Income continuance (including charts listing income and earning types and respective documentation requirements, if applicable)

### General requirements for documentation used to verify employment and income

**Employed income documentation and verification requirements**

- YTD Paystubs
- W-2 Forms
- Written VOEs
- Ten-day Pre-Closing Verification (10-day PCV)
- Third-party Verification Service Providers
- Tax return requirements
  - Signed tax returns (and alternatives to signatures)
  - IRS Transcripts
  - Unreimbursed employee expenses

### Employed income calculation guidance and requirements

**Employed income calculation guidance and requirements**

For all income, the Seller must determine how the borrower is paid to accurately analyze and calculate the stable monthly income used for qualifying. The documentation in the mortgage file must support the Seller’s income analysis and calculation. If the documentation does not support the income used for qualifying purposes, further analysis is required and additional documentation may be necessary to support the stability of the income and the amount of income used to qualify.

- For the calculation of base non-fluctuating employment earnings, refer to Guide Section 5303.4(a)
- For the calculation fluctuating employment earnings, refer to Guide Section 5303.4(b)

**Effective 4/2/2020:** Revisions to our requirements for employed income analysis and calculation announced in Bulletin 2019-20 will go into effect. Sellers are encouraged to implement as soon as possible.

| **Primary and Secondary Employment:**  
Earnings types - requirements and guidance (Guide Section 5303.2(b)) | **Base non-fluctuating employment earnings**  
For determining stable monthly income, base non-fluctuating employment earnings are considered to be earnings with a pre-determined and agreed upon rate of pay and number of hours worked each pay period.  
- The pay rate and number of hours worked must be reflected on an ongoing consistent basis for each pay period and be fully supported by the year-to-date income. In addition, if the annual salary is reported on the income verification documentation, that may be considered additional confirmation of base non-fluctuating earnings.  
- Base non-fluctuating earnings may include:  
  - Both exempt (salaried) and non-exempt earnings; however, the pay rate and number of hours worked must not fluctuate between pay periods.  
  - Military base (basic) pay. For members of the United States Armed Forces, active-duty pay is considered base non-fluctuating earnings.  
  - Part-time earnings, provided the number of hours worked each pay period are pre-determined and the same, as outlined above.  
Base non-fluctuating earnings do not include additional employed income (e.g., bonus, overtime, tips). Refer to Additional Employed Income section or to Guide Section 5303.3 for complete requirements and guidance. |
| **Fluctuating hourly employment earnings** | For determining stable monthly income, fluctuating hourly employment earnings are considered to be employment earnings with hours that may fluctuate each week or pay period. The hours are not pre-determined; however, the employer and the borrower may have a general expectation of weekly hours. The hourly pay rate is a pre-determined and agreed upon fixed amount. Fluctuating hourly earnings:  
- May be determined by a review of the YTD income verification documentation with analysis focused on hours per pay period and YTD earnings in relation to hours worked.  
- Are not considered base or salaried earnings  
- From employment are typically representative of non-exempt earnings.  
Do not include additional employed income (e.g., bonus, overtime, tips). Refer to Additional Employed Income section or to Guide Section 5303.3 for complete requirements and guidance. |

**Effective 4/2/2020:** Revisions to our requirements for employed income analysis and calculation announced in Bulletin 2019-20 will go into effect. Sellers are encouraged to implement as soon as possible.

For a borrower:  
- Returning to the workforce after a period of extended absence, for any reason, documentation is provided to support a stable employment history that directly preceded the extended absence  
- New to the workforce, provide documentation supporting the borrower’s recent attendance at school or in a training program prior to their current employment  
- Who experienced recent employment gaps (e.g., 30 days), although a letter of explanation is not required, the Seller remains responsible for establishing the employment is stable, which may require analysis of recent employment gaps.

<td>Many additional employed income types are fluctuating income. The stability of fluctuating income is determined based primarily upon historical earnings, so it is imperative that a sufficient income history has been established. For this reason, most income types that fluctuate have a history requirement of two years. In certain instances, a shorter history may still be considered stable if Seller provides a written analysis, and sufficient supporting documentation, justifying the determination of stability. When making this determination, the Seller must take into consideration factors such as income and/or employment characteristics and the overall layering of risk factors, including the borrower’s demonstrated ability to repay obligations. In no event may the history be less than 12 months. Refer to Guide Section 5303.4 for information with respect to employed income calculation requirements and guidance.</td>

### Employed Income: Income while on Temporary Leave

For requirements and guidance for underwriting borrowers on temporary leave from their current employer, refer to Guide Section 5303.5.

### Self-employed Income

A borrower who has an ownership interest of 25% or more in a Partnership, S Corporation and/or Corporation is considered to be self-employed. A borrower who is a sole-proprietor is considered to be a self-employed borrower.

1 The Borrower must be self-employed (i.e., have an ownership interest of 25% or more) in the same business for at least five years.

Refer to Chapter 5304 for complete requirements and guidance.

**Self-employment disclosed on Form 65, Uniform Residential Loan Application (or other documentation), but not used to qualify** (Guide Section 5304.1(e))

The Seller is not required to obtain any additional documentation or evaluate the income or loss from the self-employment for each borrower on the mortgage who:

- Has a primary source of income, other than self-employment, used for qualifying the mortgage (e.g., salaried income from regular employment), and
- Is self-employed and self-employment income is a secondary source of income.

For each borrower on the mortgage who is self-employed and does not have another source of income that is used in qualifying the mortgage, the following requirements apply:

- The seller must obtain pages 1 and 2 of the borrower’s federal individual tax returns, and the applicable schedules (e.g., Schedule C, Schedule E) to determine if there is a business loss that may have an impact on the stable monthly income. Refer to Guide Section 5302.4(b) for information about using IRS tax transcripts to meet certain portions of this requirement.
- **If a business loss is reported and the borrower qualifies with the loss**, then the Seller is not required to obtain any additional documentation relating to the business loss.
- **If a business loss is reported and the borrower does not qualify with the loss**, then the Seller must perform a business and income analysis to determine whether depreciation adjustments or other factors such as business closure or evidence of a one-time non-recurring event justify a reduction of the reported loss when calculating the stable monthly income. The Seller must obtain additional documentation needed to fully evaluate the loss and support the analysis (e.g. business tax returns (final or otherwise), evidence of a one-time non-recurring event).
- If the tax returns or other documentation in the mortgage file (e.g., IRS tax transcripts, additional Schedule K-1s) reflect positive income from self-employment but that income is not used to qualify, additional documentation (e.g., complete business or federal individual income tax return(s)) is not required.

The Loan Product Advisor self-employed indicator is not required when self-employed income is not used to qualify.

| Required funds (Guide Section 5103.1 and Guide Section 5501.1, 5501.3) | All funds used to qualify the borrower for the mortgage transaction (i.e., any funds required to be paid by the borrower and borrower reserves) must come from eligible sources described in the next section (from Guide Section 5501.3).  
  - For purchases, document the borrower has sufficient funds verified and from eligible sources to qualify for the mortgage transaction.  
  - For refinances, verification of funds is required.  
  - For non-occupant co-borrower transactions, funds may come from the occupant and/or non-occupant borrower.  
  Asset documentation must be maintained in the mortgage file and must also meet the general requirements for verifying documents (5102.3), age of documentation (5102.4) and asset eligibility and documentation requirements (5501.3). In addition:  
  - For purchase transactions, document the source of funds for any large deposit when the deposit is needed to qualify the borrower for the mortgage transaction. A large deposit is any single deposit that exceeds 50% of the sum of:  
    - The total monthly qualifying income for the mortgage.  
    - The amount derived from the asset calculation for establishing the DTI ratio in accordance with the requirements of Guide Section 5307.1, if applicable.  
  - When a large deposit is not verified and is not needed to qualify the borrower for the mortgage transaction:  
    - Reduce the funds used for qualifying purposes by the amount of the unverified deposit.  
    - For Loan Product Advisor mortgages, enter the reduced amount of the asset into Loan Product Advisor.  
  - When a single deposit consists of both verified and unverified funds, use just the unverified amount when determining whether the deposit is a large deposit.  
  - When the source of funds can clearly be identified (e.g., direct payroll deposits or tax refund), additional documentation is not required.  
  - If an account was opened within 90 days of a direct verification (i.e., VOD) and/or reflects a current balance significantly greater than the average balance, document the source of funds.  
  - You must consider any liabilities resulting from all borrowed funds.

Account statement(s) or direct account verification must cover the period up to and including the date the earnest money deposit funds cleared the account.  
**Note:** Ensure the earnest money deposit is not counted twice in the evaluation of the mortgage (i.e., deducted from the funds to close and counted in assets). |
| Evidence of liquidation                    | When assets that are invested in stocks, bonds, mutual funds, U.S. government Securities, retirement accounts or other securities are needed for closing, evidence of liquidation is required unless the combined value of the assets is at least 20% greater than the amount from these assets needed for closing.                                                                   |
| Business assets                           | Document according to the asset type.  
As described in Guide Section 5501.3(a)(iii), documentation of large deposits is not required provided the Seller:  
- Reviews a minimum of the most recent two months of the business account statements, and  
- Determines the deposits are typical for the borrower’s business  
Refer to Guide Section 5304.1(f) for additional requirements when self-employed income from the business is used for qualifying. |
| Source of funds from outside the United States and its territories | - Funds must be transferred into a United States or State regulated financial institution and verified in U.S. dollars prior to the closing of the mortgage transaction, or  
- Combined value of the assets must be at least 20% greater than the amount from these assets needed for closing  
Refer to Guide Section 5102.3(b) for additional requirements when funds from outside the United States and its territories are used to qualify the borrower for the mortgage transaction. |

| Credit data for Loan Product Advisor Mortgages (Guide Sections 5201.1(c)(ii) and 5203.1(h) and (i)) | Obtain the same type of credit report for all borrowers from:  
- Infile(s) or merged/joint merged obtained through Loan Product Advisor  
- Infile(s), merged/joint merged, or RMCR obtained outside of Loan Product Advisor  
Once you have selected a type of credit report, review all reports of that type for all borrowers. All infiles for an individual borrower must be dated within 14 days of each other. Retain all credit reports in the file.  
All credit reports must be dated within 120 days before, as applicable, the Note Date, or for Construction and Renovation Mortgages, the Effective Date of Permanent Financing, the modification date for Seller-Owned Modified Mortgages, the Conversion Date for Seller-Owned Converted Mortgages or the date of the assumption agreement.  
For mortgages with borrowers who do not have a usable credit score, see Mortgages for Borrowers Without Credit Scores. |
| Credit report inquiries within previous 90 days (Guide Sections 5201.1(e) and 5202.6) | Determine if additional credit was granted. If additional credit was granted, verification of the debt must be obtained and the debt must be considered when qualifying the borrower. |
| Verification of Housing Debt (Guide Sections 5201.1, 5202.1, 5202.2, 5401.1, 5401.2 and 5101.9(c)) | Direct verification of housing payment history is not required if all borrowers have a usable credit score.  
Third-party documentation to verify the payment amount is required if the credit report does not contain a required monthly payment. Examples of acceptable third-party documentation include (but are not limited to) a Settlement/Closing Disclosure Statement (if recently purchased), billing coupons, tax statement, insurance statement and, if applicable, HOA/Condo statement.  
**Reminder:** When application indicates property owned free and clear, total monthly debt must include taxes, insurance, and HOA or Condo fees, as applicable.  
**Caution (A-minus eligible) loans:** If not adequately shown on the Loan Product Advisor credit report, directly verify the payment history of that mortgage debt for the most recent 12 months. During the most recent 12 months, if any borrower was 30 days or more delinquent more than once, or 60 days or more delinquent on any directly verified mortgage or combination of directly verified mortgages, the mortgage is ineligible for delivery to Freddie Mac.  
**Caution (not A-minus eligible) loans:** When the borrower has a housing payment history, verify both current and prior housing payment histories for the most recent 12 months (or length of housing payment history if less than 12 months) in accordance with Section 5202.2(b) and payment amount for any debt (housing or other) not reported on the credit report. |

| Monthly debt payment (Guide Sections 5401.1 and 5401.2) | **Must** include all the following, if applicable:  
- Monthly housing expense  
- Payments on installment debts with more than 10 months remaining, including debts that are in a period of deferment or forbearance.  
  - For student loans (see Student Loans in this table)  
  - Other installment debt (other than a student loan): If not reported on the credit report or is listed as deferred or in forbearance, you must obtain documentation verifying the monthly payment amount.  
  - Payments on installment debts secured by financial assets made by a financial institution may be excluded for qualifying purposes; however, the payments must be included on the loan application.  
- Child support payments with more than 10 months remaining  
- Alimony or maintenance payments with more than 10 months of payments remaining (Effective July 6, 2019, to be deducted from Borrower’s stable monthly income - see Alimony or maintenance payments in this table).  
- Monthly payments on revolving or open-end accounts, regardless of the balance. In the absence of a stated payment on the credit report, and if there is no documentation in the mortgage file indicating the monthly payment amount, 5% of the outstanding balance will be considered to be the required monthly payment amount. Monthly payments on open-end accounts (accounts which require the balance to be paid in full monthly) are not required to be included in the monthly debt payment if the borrower has sufficient verified funds to pay off the outstanding account balance. The funds must be in addition to any funds used to qualify the borrower for the mortgage transaction.  
- Monthly lease payments, regardless of number of payments remaining  
- Aggregate net rental loss from all investment properties owned  
- Monthly payment amounts for other properties, including principal and interest on the First Lien and any secondary financing, bridge loan payment, real estate taxes, property hazard insurance premiums and, when applicable, mortgage insurance premiums, leasehold payments, homeowner’s association dues (excluding unit utility charges)

| Alimony or Maintenance Payments (Guide Section 5401.2) | When alimony or maintenance payments have more than 10 months of payments remaining, in lieu of including these payments in the calculation of the debt, the payments must be deducted from the Borrowers stable monthly income as determined in accordance with Section 5301.1. The reduced stable monthly income must be used to qualify the Borrower. |

| Excluding contingent liabilities from monthly debt payment-to-income (DTI) ratio (Guide Sections 5401.2(a) and (b)) | For installment, revolving and monthly lease payments, provide documentation that indicates:  
- A party other than the borrower has been making timely payments for the most recent 12 months  
- The party making the payments is not an interested party to the subject real estate or mortgage transaction. See Section 5501.5 for examples of an interested party.  
For mortgages, provide documentation that indicates:  
- A party other than the borrower has been making timely payments for the most recent 12 months  
- The party making the payments is obligated on the Note for the mortgage being excluded  
- The party making the payments is not an interested party to the subject real estate or mortgage transaction. See Guide Section 5501.5 for examples of an interested party.  
For assumed mortgage:  
- Verify that the borrower no longer owns the property by documenting the property transfer, and  
- Obtain a copy of any assumption agreement executed by the transferee  
For assigned debt:  
- A liability (secured debt including a mortgage) may be excluded if assigned to another by a court order, such as a divorce decree. Document the court order with, for example, appropriate pages from separation agreement or divorce decree.  
For self-employed borrower’s debt paid by the borrower’s business:  
- If debt has been paid for 12 months or longer, the monthly payment for the debt may be excluded from the monthly DTI ratio if the following requirements are met:  
  - The mortgage file contains evidence that the debt has been paid timely by the borrower’s business for no less than the most recent 12 months, and

**Reminder:** All borrower debt incurred through the Note Date must be considered when qualifying a borrower(s). The final Form 65, Uniform Residential Loan Application, and Form 65A, Statement of Assets and Liabilities, must reflect accurate and complete information as of the Note Date of the subject mortgage. |

### GENERAL UNDERWRITING REQUIREMENTS

**Eligibility (Guide Chapter 5101)**

Loan Product Advisor assumes that the last information submitted to Loan Product Advisor is the same as the information that is verified and documented in the mortgage file delivered to Freddie Mac. If the information changes or an error is identified in a prior submission, the mortgage information must be resubmitted to Loan Product Advisor. See Guide Sections 5101.7 and 5101.7 for exceptions and requirements for resubmission to Loan Product Advisor after the Note Date, or for Construction Conversion and Renovation Mortgages, after the Effective Date of Permanent Financing. Incorrect information in Loan Product Advisor may invalidate the Loan Product Advisor Feedback Certificate. To qualify as a Loan Product Advisor mortgage, the mortgage must meet all the following criteria:

- Be submitted to Loan Product Advisor no more than 120 days before and no later than the Note Date, or for Construction Conversion and Renovation Mortgages, the Effective Date of Permanent Financing
- Have all credit reports (including Loan Product Advisor credit reports) dated no more than 120 days before and no later than on the Note Date, or for Construction Conversion and Renovation Mortgages, the Effective Date of Permanent Financing
- Receive a “Complete” AUS Status on the Feedback Certificate based on the last submission to Loan Product Advisor on or before the Note Date, or for Construction Conversion and Renovation Mortgages, the Effective Date of Permanent Financing
- Comply with all requirements of Guide Chapter 5101 – Using Loan Product Advisor
- Have a Settlement Date that is not more than 12 months after the Note Date, or for Construction Conversion and Renovation Mortgages, the Effective Date of Permanent Financing

For Accept Mortgages and A-minus Mortgages, Loan Product Advisor makes the determination that borrower capacity is acceptable so long as the amount of stable monthly income used by Loan Product Advisor is correct and meets the requirements in Guide Topic 5300 as verified under the applicable verification requirements of the Guide.

**Borrowers without usable credit scores (Guide Section 5201.1(c))**

Our requirements for Accept and A-minus Mortgages when not all borrowers have a usable Credit Score have been updated. Also, for mortgages originally submitted through Loan Product Advisor on or after May 14, 2017 with Settlement Dates on and after June 26, 2017, Loan Product Advisor will allow the assessment of Mortgages when no borrower has a Credit Score. Refer to Mortgages for Borrowers Without Credit Scores job aid for details.

**Permanent and nonpermanent resident aliens (Guide Section 5103.2)**

Permanent and nonpermanent resident aliens lawfully residing in the United States are eligible for mortgages on the same terms as U.S. citizens. When selling such mortgages to Freddie Mac, Sellers represent and warrant that the non-U.S. citizen borrower is lawfully resident in the United States. Freddie Mac does not specify the documentation required to establish lawful U.S. residency. You should consult your own counsel or other information sources to determine documentation that may be used to establish lawful residency.
Financing concessions (Guide Section 5501.5 (b))

- Financing concessions for primary residences and second homes must be within allowable percentages:
  - 9 percent of value for mortgages with LTV/TLTV ratios less than or equal to 75 percent
  - 6 percent of value for mortgages with LTV/TLTV ratios greater than 75 percent up to and including 90 percent
  - 3 percent of value for mortgages with LTV/TLTV ratios greater than 90 percent
- The maximum financing concession for investment properties is 2 percent regardless of the LTV ratio

**Note:** Maximum financing concessions are based on the LTV ratio when there is no secondary financing and TLTV ratio when secondary financing is present. Contributions in excess of the above limitations are considered sales concessions.

- Sales concessions are deducted from the purchase price and LTV is calculated using the lower of the reduced purchase price or appraised value.
- Interested party contributions used to reimburse the borrower for payment of short sale fees must be considered and treated as a sales concession.

Interested party contributions – abatements (Guide Sections 5501.5 (a))

A payment of up to 12 months of homeowner’s association dues by an interested party is not considered an abatement but is considered an interested party contribution and is subject to all requirements for interested party contributions and other conditions.

Lender credit (Guide Sections 5501.6)

May be used provided it meets all of the following requirements:
- The amount of the lender credit must:
  - Be derived from an increase in the interest rate (i.e., premium pricing), or
  - Be funded directly by the Seller
- The lender credit must not require repayment
- The Seller must not use funds from a third party to provide a lender credit
- Lender credit may only be used as a credit towards the borrower’s closing costs. In the event the lender credit exceeds the amount of the borrower’s closing costs, the following requirements apply:
  - The lender credit must be reduced so it does not exceed the amount of the borrower’s closing costs, or
  - The amount of the lender credit that exceeds the borrower’s closing costs must be applied as a principal curtailment to the mortgage and must be clearly reflected on the Settlement/Closing Disclosure Statement.
  - (See Section 6302.32 for delivery requirements for Mortgages with principal curtailments.)
- Lender credit derived from an increase in the interest rate (i.e., premium pricing) must not be used as a credit towards funding a temporary subsidy buydown plan on a "no cash-out" refinance mortgage.

Lender incentives (Guide Sections 5501.6)

The Seller may provide the Borrower with a cash or a cash-like (e.g., a gift card) incentive that is not lender credit toward the Mortgage transaction as described in Guide Section 5501.6(a), provided that:
- The amount of the incentive does not exceed $500.00
- No repayment is required, and
- The amount is documented in the Mortgage file

The incentive is not considered cash out to the Borrower and does not have to be included in the calculation of the Mortgage proceeds, including the calculation of cash back to the Borrower. These requirements apply regardless of whether the incentive is provided before, at or after the Mortgage closing.

Cash back on purchase transactions (Guide Section 4305.1)

The Borrower may receive cash back, or a principal curtailment may be made, only as a result of the following:
- Reimbursement for the overpayment of costs, fees and charges paid by the Borrower in connection with the purchase transaction Mortgage.
- In jurisdictions where real estate taxes are paid in arrears, receipt of funds from the property seller for real estate taxes that cover a period prior to the Note Date
- Refunds mandated by federal laws or regulations

The minimum Borrower contribution, if applicable, must be met at closing. If the projected cash back, as described above, results in the Borrower not meeting the minimum Borrower contribution at closing, the excess amount of the cash back must be applied as a principal curtailment.

Any cash back or principal curtailment must be reflected on the Settlement/Closing Disclosure Statement. In instances of reimbursement for the overpayment of costs, fees and charges, and/or refunds mandated by federal law or regulation, the Mortgage file must include documentation supporting the amount and the reason for the reimbursement and/or refund.
### Property (Guide Chapters 5601, 5701 and 5703)

The Seller must ensure that the mortgage premises (collateral) are eligible for sale to Freddie Mac and that it supports the transaction; Loan Product Advisor’s Minimum Assessment Feedback (MAF) will advise the Seller of the type of appraisal report required. Refer to the Automated Collateral Evaluation job aid for more information regarding appraisal waivers.

For units in Condominium Projects, the project must meet Freddie Mac eligibility criteria for the project (e.g., Existing, New, 2- to 4-Unit condominium projects, or Detached condominium projects, etc.). For details, refer to the Condominium Unit Mortgages Job Aid or Guide Chapter 5701.

Mortgages secured by a Manufactured Home (even if located within a condominium project) must be submitted to Loan Product Advisor and must identify the property as a single-wide or multi-wide Manufactured Home. In addition:

- An appraisal reported on Appraisal Form 70B, Manufactured Home Appraisal Report, is required for all Manufactured Homes.
- If the property is a Manufactured Home located in a Condominium Project, the project must be approved through an acceptable reciprocal review process. For details, refer to Guide Chapter 5701. The project information section of Form 465, Individual Condominium Unit Appraisal Report, must also be completed and attached as an addendum to Form 70B.

For purchase transactions, verify the property seller is the Owner of Record. For refinance transactions, verify the borrower is an Owner of Record. For transactions involving the payoff of a land contract, verify the borrower is a vendee on the recorded land contract, and the property seller is the vendor and Owner of Record. Evidence verification with documentation in the file.

If Loan Product Advisor returns an excessive value message or a message notifying you of REO activity within the preceding 24 months, review the appraisal report carefully to ensure property value is supported.

## GENERAL UNDERWRITING REQUIREMENTS (continued)

### Date and verification requirements for Loan Product Advisor results, employment, income, source of funds and payment history (other than credit reports) (Guide Sections 5101.1(b), 5101.7, 5102.4 and 5301.1)

#### Date Requirements

- A mortgage that was processed through Loan Product Advisor and received a complete assessment (a Risk Class of Accept or Caution) on the Last Feedback Certificate must have a Settlement Date no more than 12 months after the Note Date, or for Construction Conversion and Renovation Mortgages, the Effective Date of Permanent Financing.

- Loan Product Advisor results must be dated within 120 days prior to the Note Date. However, if the Seller determines after the Note Date, or the Effective Date of Permanent Financing for Construction Conversion and Renovation Mortgages that the information entered into Loan Product Advisor was not true, complete, and accurate and does not match the terms of the mortgage to be delivered to Freddie Mac, the mortgage must be resubmitted to Loan Product Advisor after the Note Date or the Effective Date of Permanent Financing, as applicable, but prior to the Loan Product Advisor Assessment Expiration Date and Delivery Date, unless otherwise prohibited or not required by Guide Section 5101.7.

- Verifications of employment, income, current receipt of income, source of funds and payment history must be dated no more than 120 days before the Note Date and must be used in evaluating the creditworthiness of the Borrower. Any information verified more than 120 days before the Note Date must be reverified. Verifications made after the Note Date do not satisfy the requirements of Guide Section 5102.4. For eligible properties impacted by a disaster, certain age of documentation flexibilities may apply. Refer to Guide Sections 4407.2 and 4407.3 for additional information.

### Minimum repository and date requirements for Credit Reports (Guide Section 5203.1(i))

All credit reports used in conjunction with Loan Product Advisor Mortgages (including the credit data provided through Loan Product Advisor, even those reports not used by the Seller) must be dated within 120 days prior to the Note Date or the date of the assumption agreement.

The credit report must include information from at least two national credit repositories.

### Resubmission to Loan Product Advisor (Guide Sections 5101.6 and 5101.7)

If the information submitted changes or an error is identified in the prior submission, the mortgage must be resubmitted to Loan Product Advisor with new data. Refer to Guide Section 5101.7 for exceptions and requirements for resubmission to Loan Product Advisor after the Note Date, or for Construction Conversion and Renovation Mortgages, after the effective Date of Permanent Financing.

Resubmission of loan data to Loan Product Advisor is required prior to the Delivery Date if:

1. Information on the previous submission is not true, complete or accurate. For example:
   - Information on the previous submission is inaccurate, invalid, or changes during the origination process
   - Borrowers are added to or deleted from the loan application
   - Property information changes, the property information included an inaccurate or incomplete property address, or an appraisal provides a different value for the property

   - You request a different mortgage product

2. The loan has not closed and the most recent submission (including the date of the Loan Product Advisor credit report(s)) exceeds the date requirements in Guide Section 5203.1.

3. Any information used by Loan Product Advisor changes; however, a change from the previous submission involving the following does not require resubmission:

   **Debts/income:**
   - The monthly debt payment decreases (including monthly housing expense)
   - The income for any borrower increases; however, if the income used to qualify borrowers increases for Home Possible® Mortgages, resubmission is required
   - The income for any borrower decreases and/or the monthly debt payment (including monthly housing expense) increases, and
   - The total difference does not change the total DTI ratio by more than three percentage points, and
   - The total DTI ratio on the previous submission did not exceed 45%*

   *Effective August 1, 2019, Loan Product Advisor resubmission will be required any time the DTI ratio exceeds 45%.

   **Assets/reserves:**
   - The amount of verified assets increases
   - The amount of verified reserves increases
   - The amount of verified reserves decreases to an amount that is no less than the reserves required to be verified on the Feedback Certificate.
