How it Works

Eligible Renovations

Eligible and ineligible uses of mortgage proceeds

There are few restrictions on the type of renovations that may be financed in accordance with this offering. Proceeds **may not** be used:

To raze an existing structure and build a new primary dwelling unit

To finance personal property with the exception of new appliances

CHOICERenovation mortgage proceeds must only be used to finance renovations that are made to a property with an existing dwelling, and may include:

Fees related to plans and specifications, permits, title updates, appraisals, draw inspections and the final inspection.

An amount up to, but no more than, six monthly payments of principal, interest, taxes and insurance (PITI).

Contingency reserve funds, refer to the [Contingency Reserve](#) section.

Note: Contingency reserve funds are **NOT required if**:

- Proceeds are used exclusively to finance the addition or renovation of outdoor structures used for leisure and recreation.
- The Mortgage is a CHOICEReno eXPress mortgage.

Payoff of short-term financing that provided the borrower with funds to repair, restore, rehabilitate or renovate an existing home. Must meet the requirements in Guide Section [4607.6\(d\)](#). Not eligible for CHOICEReno eXPress.

Adding or renovating outdoor structures used for leisure and recreation, including, but not limited to, swimming pools, decking, screening and porch and patio additions (Note: refer to contingency reserve funds above).

Proceeds may be used to renovate or repair a property that has been damaged in a disaster or for renovations that will protect the mortgaged premises in case of a future disaster (e.g., storm surge barriers, foundation retrofitting for earthquakes, retaining walls, etc.).

Renovations to improve the energy and/or water efficiency of the Mortgaged Premises. Refer to Guide Sections 4606.4(a) and 4607.16(b) for more information on the eligibility for the credit for Credit Fees for GreenCHOICE® Mortgages.

Mortgages secured by properties with a manufactured home ADU will be subject to the maximum financed renovation costs for purchase transactions (see Guide Section [4607.7\(b\)](#) and refer to Guide Section [4607.7\(c\)](#) for no cash-out refinance transactions). Refer to Guide Section [4607.6\(d\)](#) regarding the payoff of short-term financing that financed the addition or renovation of an ADU prior to the Note Date.

Renovations may include the removal of a manufactured home on the property that is not the primary dwelling unit, provided any effect of its removal on the value of the property is reported by the appraiser when determining the "as completed" value of the property pursuant to Guide Section [4607.8](#).
