## Background

The objective of the Uniform Closing Dataset (UCD) Phase 3 critical edits is to enhance data quality in the Closing Cost Details section of the Closing Disclosure (CD), with a focus on fee types and amounts.

The purpose of this document is to review the Prepays Section, as data points related to these items on the CD must be provided in the UCD XML (UCD) file. It also outlines how the data in each section should be provided in the UCD XML file to avoid triggering Phase 3 critical edits, as specified in the [UCD Critical Edits Matrix](#) (CEM) available on the [Fannie Mae](#) and [Freddie Mac](#) UCD webpages.

## UCD Data Requirements Associated with Phase 3 Critical Edits

### Required Prepaid Item Component Data

Historically, each GSE’s UCD collection solution has ignored or provided warnings when data submissions only partially met the UCD Specification requirements. As with the other fees, the data supporting Section F. Prepays must be complete. When PREPAID ITEM containers are delivered in the UCD XML (UCD) file,

they must include the following data points. If these data points are not provided, an edit with “critical/fatal” severity will be triggered.

- PREPAID ITEM
  - PREPAID ITEM DETAIL
    - Fee Paid To Type
    - Fee Paid To Type Other Description (only included when Fee Paid To Type = “Other”)
    - Integrated Disclosure Section Type = “Prepaids”
    - Prepaid Item Type<sup>1</sup>
    - Prepaid Item Type Other Description (only included when Prepaid Item Type = “Other”)
  - PREPAID ITEM PAYMENT
    - Prepaid Item Actual Payment Amount
    - Prepaid Item Paid By Type

Although not included as critical edits, the following data points required by the UCD Specification must also be provided with each prepaid item when Prepaid Item Actual Payment Amount is not equal to zero.

- PREPAID ITEM
  - PREPAID ITEM DETAIL
    - Regulation Z Points And Fees Indicator
  - PREPAID ITEM PAYMENT
    - Prepaid Item Payment Timing Type

### ***Special Requirements for Prepaid Interest***

A Prepaid Item Type = “Prepaid Interest” is required in every UCD file, even when prepaid interest is not part of the transaction. For transactions without prepaid interest, the Prepaid Item Actual Payment Amount is provided with a value of zero. The following data points are required when Prepaid Item Type = “Prepaid Interest.” In addition to all of the data points necessary for all prepaid item types, additional details about the calculation of the prepaid interest amount are also required. These are designated by red text.

- PREPAID ITEM
  - PREPAID ITEM DETAIL
    - Fee Paid To Type
    - Fee Paid To Type Other Description (only included when Fee Paid To Type= “Other”)
    - Integrated Disclosure Section Type = “Prepaids”
    - **Prepaid Item Paid From Date**
    - **Prepaid Item Paid Through Date**
    - **Prepaid Item Per Diem Amount**
    - Prepaid Item Type = “PrepaidInterest”
    - Prepaid Item Type Other Description (only included when Prepaid Item Type = “Other”)
  - PREPAID ITEM PAYMENT
    - Prepaid Item Actual Payment Amount
    - Prepaid Item Paid By Type

---

<sup>1</sup> [Appendix](#)

[UCD Supported Enumerations by CD](#) Section provides a table of UCD-supported enumerations for Prepaid Item Type, along with tables with valid values for Fee Type and Escrow Item Type.

Although not included as critical edits, the following data points required by the UCD Specification must also be provided with Prepaid Item Type = "Prepaid Interest" when Prepaid Item Actual Payment Amount is not equal to zero. Data points only required with prepaid interest are designated in red text:

- PREPAID ITEM
  - PREPAID ITEM DETAIL
    - **Prepaid Item Per Diem Calculation Method Type**
    - Regulation Z Points And Fees Indicator
  - PREPAID ITEM PAYMENT
    - Prepaid Item Payment Timing Type

## Prepays – Frequent Edits

### Prepaid Items Other than Prepaid Interest

When the Integrated Disclosure Section Type is "Prepays" Phase 3 edits enforce the existence of the other fee components, such as the Prepaid Item Type, the Payment Amount, and the Fee Paid To Type. Some of the higher-firing edits in this section are below.

If Prepaid Item Type is missing the following edit messages will be issued. Note when Prepaid Item Type = "Other," Prepaid Item Type Other Description is required.

Prepaid Item Type

For a Prepaid Item Type of "Prepaid Interest" if Fee Paid to Type is missing, the following edit messages will be issued. Note when Fee Paid To Type= "Other," Fee Paid To Type Other Description is required. For Fee Paid To Type Other Description, the only allowable values are "Broker Affiliate" or "Lender Affiliate."

## Appendix

### UCD Supported Enumerations by CD Section

The UCD Phase 3 critical edits enhance data quality in the Closing Cost Details section of the CD by enforcing UCD supported enumerations. The following tables provide all valid enumerations for Fee Type, Prepaid Item Type and Escrow Item Type that are valid for each Integrated Disclosure Section Type. Every attempt should be made to select from this list the enumeration that most closely matches the item in the transaction. Only if the item is completely different from one of these supported enumerations should you use “Other” and supply a brief description of the item in the “Other Description” data point.
